

On The Record

DMV begins offering Real ID, new online scheduling service option

SALEM — Oregon DMV completed a multi-year project to replace its computer systems this past Monday, July 6.

The replacement is part of the broader DMV Service Transformation Program — a 10-year, \$90 million investment in the future of DMV. Replacing antiquated technology, originally installed in the 1960s and '70s, was the first step in DMV's effort to expand online services and explore other modern improvements to the way it does business.

"This is a major achievement for our agency and the people who work for DMV. Not many IT projects of this breadth and complexity can claim the success that we've accomplished," said DMV Administrator Tom McClellan. "Like any successful venture it comes down to careful planning, a laser fo-

cus on your goal and a dedication to seeing it through to completion."

The initial phase replaced the vehicle-related systems in January 2019 and introduced a new online services site — DMV2U. Online vehicle transactions included replacing or ordering new plates, an ability to check custom plate availability, ordering trip and sno-park permits and vehicle registration renewals. The final phase replaces driver-related systems and launches more online services.

New online services available on DMV2U

A host of online services are now available, enabling Oregonians to handle even more of their DMV business from home. Now customers can:

- Schedule a DMV appointment
- Replace a lost, mutilated

or stolen license/ID card

- Upload a commercial driver medical examiner certificate
- Order a driving record
- Pay a reinstatement fee
- Begin a driver license or identification card application for an initial issuance

Customers can see all the services DMV offers online by visiting www.oregondmv.com/dmv2u.

"Having new technology in place means that DMV is now more nimble. We are able to share information across different parts of the division like never before, creating a more seamless experience for our customers," McClellan said.

Real ID launches

Included in the new system is the capability to issue Real ID-compliant driver licenses and ID cards — a new choice for Oregonians.

Starting Oct. 1, 2021, the

Transportation Security Administration (TSA) will begin new identification requirements to board a domestic commercial aircraft.

There are many forms of ID that you can use at airports, like a passport or passport card, so you may already have what you need.

If you do choose to get a Real ID compliant card from Oregon DMV, there are some additional documents you need to provide along with an additional \$30 fee. To find out more, visit www.Oregon.gov/REALID.

Doing business at DMV offices:

- See how easy it is to use the new appointment scheduler at www.you.tube.com/watch?v=rFwI7O1x-DU

- Be prepared to wear a face covering/mask at all DMV offices per the Oregon Health Authority

Doing business with

DMV online and by mail
If a service can be accomplished by mail or online, DMV is requiring customers to use those avenues at this time.

Find information and instructions for how to complete common transactions

like titling and registering a vehicle in Oregon at www.OregonDMV.com.

DMV never charges for online forms or a service fee to use its online services. People should make sure they are on the official Oregon DMV webpage.

CLARIFICATION

Claire K. Waggoner graduated from Oregon State University with a Bachelor of Arts, Magna Cum Laude, in Political

Science. In the original release from OSU, her Magna Cum Laude distinction had been omitted.

POLICE

COVID-19 STATS

State and County COVID counts

(As of July 7, 2020)

Lane County Public Health (LCPH) —

Lane County Public Health (LCPH) has 243 cases of COVID-19. Of those cases, 63 are currently infectious and there are 3 suspected COVID-related deaths. At least 26,435 tests have been conducted for Lane County residents. **Note:** this number is likely below the actual number of tests conducted. Private labs are processing tests from Lane County residents and there is variability in reporting of negative results. Lane County Public Health is being notified of any positive test results.

- Hospitalized: 1
- Sick at home: 180
- Recovered: 60
- Deaths: 3

Oregon Health Authority (OHA) — (As of July 7)

COVID-19 has claimed five more lives in Oregon, raising the state's death toll to 220. The OHA reported 219 new confirmed and presumptive cases of COVID-19, bringing the state total to 10,605.

The new cases are in the following counties: Benton (2), Clackamas (18), Columbia (2), Coos (4), Crook (1), Douglas (3), Hood River (3), Jefferson (2), Josephine (3), Klamath (1), Lake (1), Lane (16), Lincoln (1), Linn (1), Malheur (7), Marion (23), Morrow (2), Multnomah (52), Polk (6), Umatilla (20), Union (5), Wallowa (1), Wasco (2), Washington (27), Yamhill (16).

For statewide daily count updates from OHA, as well as Lane and Douglas counties, visit the Siuslaw News' all-access Coronavirus Updates page online at www.TheSiuslawNews.com
