the Salmon River on Aug. 1. Expect fishing to be slow at the beginning of August but things typically start to pick up at the end of the month and into September.

**SILETZ RIVER:**  
*Summer steelhead, fall Chinook, cutthroat trout*  
Summer steelhead fishing is still slow on the Siletz River but overall it has improved in the last few weeks. The higher than normal flows in June and early July changed the migration timing and these fish and they are finally starting to stage in the upper portions of the river and gorge sections.

The high and cooler water has slowed the migration this year but now we are in a more typical summer pattern and the fish seem to be responding, moving up into the gorge where there is better summer holding water. Fish numbers should keep increasing through the month of July and into August.

Fall Chinook fishing opens this weekend in the lower Siletz River tidewater up to the Ojalla boat slide. Expect fishing to be slow for the beginning of August but fishable numbers usually start to show up by the end of the month. Due to low forecasted returns for the 2020 season bag limits have been reduced. The bag limit for the Siletz River is 1 wild chinook per day and 5 per year for the 2020 season.

Cutthroat trout fishing is open in the Siletz basin and good trout fishing opportunities will remain through the summer months.

The 4.0-mile bridge (aka Steel Bridge) in the Siletz gorge is open to motorized vehicles but is only open to public vehicles on the weekend. Anglers can walk/bike in the road during the weekdays. If anglers do walk in, they can park at the one-mile gate and start from there.

**YAQUINA RIVER: Fall Chinook**

Fall Chinook fishing opens on the Yaquina and Big Elk systems on Aug. 1. These fisheries are typically slow at the beginning of August but start to pick up at the end of the

**TENMILE LAKES:**  
*Trout, warmwater species, largemouth bass*

Largemouth bass can be caught early mornings and late evenings in shallow water. During the middle of the day bass can be caught in deeper water and in the shade of docks. Re-cent water temperatures have been between 70-75 degrees.

Trout fishing has slowed down with the warmer water temperatures. Anglers will have the best success fishing for trout in the deeper water and trolling slowly.

**PACIFIC OCEAN and BEACHES:** *Bottomfish, salmon, halibut, surfperch*  
Douglas County Parks are open.

Bottomfishing is restricted to inside the 40-fathom regulatory line until Sept. 1. Fishing for rockfish and lingcod has been spotty recently when anglers can get out on the ocean. The daily bag limit for marine fish was recently increased to 7.
