

Salute to Nurses

The lifesaving care and life-changing support our nation's nurses provide are being felt more than ever, as communities everywhere continue to confront the COVID-19 pandemic. During National Nurses Week, we honor these dedicated professionals and celebrate their vital role in our community and healthcare system. For providing critical caregiving in our time of need with skill, courage and compassion, we encourage everyone to thank a nurse today!

Connected for good

NURSES WEEK, MAY 6-12, 2021

Thank you to our nurses for connecting their expertise as clinicians, advocates, innovators, collaborators, educators and leaders to the PeaceHealth Mission. This past year you've lived the hardest parts of representing our Values and have made us so proud to be by your side as we've weathered a pandemic and served our communities. Thank you for all you do!

Join us in thanking our nurses, for all the good they do each day.
