

OSAA updates face covering requirements for culminating events

The Oregon School Activities Association (OSAA) received clarification Friday from the Oregon Health Authority (OHA) and Oregon Department of Education (ODE) regarding face covering requirements guidance as it pertains to outdoor/indoor school sports and we wanted to get the information out to member schools.

Outdoor Sports: Students, staff, volunteers and spectators are not required to wear face coverings at outdoor sports events. Until additional updates are provided, all previous physical distancing and capacity restrictions still apply.

Indoor Sports: Fully vaccinated students, staff, volunteers and spectators are not required to wear face coverings at indoor sports events only when vaccination status is checked by the school in a manner described by OHA in guidance.

Until additional updates are provided, all previous physical distancing and capacity restrictions still apply.

These provisions are

optional for the venue operators. School districts, charter schools and private schools may still choose to require face coverings at these events.

Guidance from OHA on entertainment establishment capacity and physical distancing is currently under review and may be updated in the coming days.

Per the OHA, "fully vaccinated" means an individual has received both doses of a two-dose COVID-19 vaccine or one dose of a single-dose vaccine and at least 14 days have passed since the individual's final dose of COVID-19 vaccine.

Per the OHA, "proof of vaccination status" means documentation provided by a tribal, federal, state or local government, or a health care provider, that includes an individual's name, date of birth, type of COVID-19 vaccination given, date or dates given, depending on whether it is a one-dose or two-dose vaccine, and the name/location of the health care provider or site where the vaccine was administered.

Documentation may include, but is not limited to, COVID-19 vaccination record card, or a copy or digital picture of the vaccination record card.

Season 4 Culminating Week Events

The OSAA Executive Board met Friday in a work session on Season 4 Culminating Week events.

The board spent significant time discussing Season 4 options for schools and culminating events. As in Seasons 2 and 3, member schools continue to face challenges but many have found success in local/regional competition models that seek to maximize participation

opportunities for all students within a program.

The OSAA Board said it continues to believe that providing local discretion for Culminating Week events allows individual schools to focus on participation and the best decisions for their school and community.

Thus, they took action to return the sixth and final week of Season 4 to member schools.

Participation limitations were increased by the board to allow for additional contests throughout Season 4.

Basketball receives (4) additional games; Wrestling receives one additional date, two additional weigh-ins and five additional mat appearances.

83421 Hwy 101 • FLORENCE

\$2,900,000
Listing #1009/20498879
•3,958 Square Feet
•4 bedroom, 3.5 bathroom

Master of Ceremonies Mike Bones jokes with an audience member during the recent Rhody Auction fundraiser.

AUCTION from page 1A

"Even though we never met during the 2020 year, we still had financial responsibilities. So, this is a fund raiser for our chapter. We always have fun at our auctions and this time we raised \$1966," said Bones.

Members of the Florence Garden Club and other individual plant growers contributed the more than 100 plants which were purchased at

the auction. "It is just so nice to start retuning to normal," said one buyer that had purchased a number of plants for her garden, "Everyone here is vaccinated and we are all tired of being cooped-up, I am just happy to be outside with my friends, Mike is really funny and I got some very good deals."
