

On The Record

OREGON CROSSES 70% TARGET OF VACCINATED ADULTS

Oregon reached another vaccination milestone on July 2: 70% of adults 18 years and older received at least one vaccination in advance of the July 4 holiday weekend.

Oregon's number is based on data reported by the Centers for Disease Control and Prevention (CDC), and data in Oregon's ALERT IIS system, which has not yet been uploaded to the CDC website.

According to the CDC, 2,343,617 adult Oregonians had received at least one dose of the Pfizer or Moderna vaccines or a shot of the single-dose Johnson and Johnson vaccine, as of Friday. That total leaves Oregon 2,206

adult first doses short of 70%. However, Oregon has received reports of an additional 2,900 backlogged doses delivered by pharmacies in Oregon that are not yet reported to CDC. In addition, Oregon reported 1,478 first doses administered yesterday to the CDC earlier today, which have not yet been added to the federal total (a portion of these doses will not count toward Oregon's adult vaccination target because they were administered to children 12-17 years old). The combination of these additional doses mean Oregon has reached its 70% adult vaccination target.

"The 70% adult vaccination goal means we have a better

chance to sustain a safe reopening. The safe and effective COVID-19 vaccines continue to drive down new cases, hospitalizations and deaths in our state. Thank you to everyone who's been vaccinated and everyone who helped administer these life-saving vaccines," said Patrick Allen, Director of the Oregon Health Authority. "But COVID-19 hasn't gone away. It's our goal to vaccinate eight in 10 people across Oregon, particularly adults in communities of color and other under-vaccinated groups."

Oregon's latest vaccine effectiveness data show that more than nine in 10 recent cases, hospitalizations and deaths in Oregon

were among people who were unvaccinated or not fully vaccinated.

Oregon now stands 18th in the nation in the percentage of the total population that has been vaccinated.

The state reached the 70% adult vaccination goal through the efforts of more than 660 vaccination sites, which were operated by a wide range of health care providers, Tribal partners, Local Public Health Authorities, community based organizations, pharmacies, volunteers, the Oregon National Guard, retired healthcare workers and countless others — all working together to beat back the pandemic.

With adult vaccination rate now more than 70% and the lifting of statewide protections, the state will continue to support vaccination efforts in communities across Oregon. However, local health authorities will be responsible for managing outbreaks of COVID-19 at the local level.

Statewide coordination efforts will continue at OHA, including case investigation and contact tracing support, epidemiological investigations, monitoring of variants and collecting and reporting data. Oregon is now able to move from the statewide response model to one being driven at the local level, in each community and based on local risks.

County seeks volunteers for Redistricting Committee

The Lane County Board of Commissioners is required to periodically draw new boundary lines for the five Lane County Commissioner positions. The board is further required to form an Independent Redistricting Committee (IRC) and prepare at least two but not more than four proposed redistricting plans in ordinance form for adoption by the Lane County Board of Commissioners, as required by the Lane County Home Rule Charter.

The new commissioner boundary lines must be drawn in such a way as to not deny any citizen equal rights. This process is called redistricting and the Lane County Home Rule Charter requires that it be done not less than every 10 years. The boundaries were last drawn on Oct. 26, 2011.

The Lane Charter also requires that the new commissioner boundary lines be adopted in the form of an ordinance by the Lane County Board of Commissioners. Individuals selected will be contributing in the formation of these boundary options.

Meetings: The scheduling of meetings will depend upon receipt of United States Census data, and are estimated to average two per month through the end of the year.

Membership: 15 regular members and three alternate members.

Geographic membership: Must be a resident of Lane County at the time of appointment. Every reasonable effort will be made to select membership from different geographic areas of Lane County.

Other member requirements: Applicants must complete an ethics/conflict of interest form.

Applications must be received no later than Friday, July 16, at 4 p.m.

All interested applicants are required to submit both an application for the IRC committee as well as a current Statement of Economic Interest. Both applications are also available online on the Lane County website, lanecounty.org. Hard copies of the applications may be obtained from the Lane County Board of Commissioners' Office in the Lane County Public Service Building, 125 East Eighth Ave. in Eugene, Ore.

Hard copy applications can be turned in at the Lane County Commissioners' Office. Online applications can be emailed to Stephen.Dingle@lanecountyor.gov.

Share ideas about Lane County Climate Action Plan

Lane County is developing a comprehensive county-wide Climate Action Plan (CAP) that will outline goals and strategies to reduce greenhouse gas emissions and prepare the community for climate change.

The county is currently focusing on collecting feedback from stakeholders on a high-level, draft climate action plan framework, which outlines strategies for emissions reductions that may be included in the final CAP. This draft framework is based on technical analysis, best practices from other communities, and residents' priorities identified in the initial survey.

Using the feedback from the public engagement period, best practices, and the results of technical analysis,

Lane County will present a Climate Action Plan that is responsive to the needs and goals of the Lane County community.

Meeting Schedule:

- Meeting 1 – Transportation: was held on June 30.
- Meeting 2 – Energy Used in Buildings and Renewables: July 13, 5:30 – 7:30 p.m.
- Meeting 3 – Stuff we

Buy and Use including food, agriculture, and forestry products: July 21, 5:30 – 7:30 p.m.

• Meeting 4 – Florence and Coast communities: July 27, 5:30 – 7:30 p.m.

• Meeting 5 – East County Foothills community: July 29, 5:30 – 7:30 p.m.

Visit <https://lanecocap.participate.online/> to learn more and take the survey.

Florence Yard Debris Disposal Day returns July 17

The City of Florence's Yard Debris Disposal Day returns again on July 17. Bring your yard debris to the Kingwood entrance of the Florence Municipal Airport, Kingwood and 27th streets, from 9 a.m. until 2 p.m.

Disposal costs are \$11 for

a standard pickup truck load or small utility trailer (single axle) or less; \$16 for a medium utility trailer (10-12 feet in length); and \$21 for a large utility trailer (12-18 feet). Over 20 cubic yards is \$21 plus \$5 for each additional cubic yard. Pay with cash.

This collection is for tree clippings, leaves, grass clippings, weeds, prunings, brush, etc. Scotch broom cannot be accepted.

For more info, visit www.ci.florence.or.us/publicworks/2021-yard-debris-disposal-days.
