CAMPFIRE from page B1

Restrictions include:

- No building, maintaining, attending or using a campfire.
- No smoking in the vicinity of flammable material, except within an enclosed vehicle or a developed recreation site.
- No generator use, except in areas devoid of vegetation.
- Motorized vehicles may operate only on designated trails and roads. The Or-

egon Dunes National Recreation Area and Sand Lake Recreation Area remain open to motor vehicle use in designated motorized areas. As always, fireworks are prohibited everywhere on the forest. The penalty for possessing fireworks can be as high as \$5,000, imprisonment for up to six months, or both. Fire information is available www.fs.usda.gov/main/siuslaw/fire.

HONDA Power Equipment

Honda Portable generators provide quiet power for camping, RVing, tailgating and more.
 Honda Home generators offer convenient, reliable back up power for outages.
 Honda Work generators are the number one choice in the construction and rental industry.

Repair Center

Have a piece of equipment with a small engine that needs a tune-up, needs rebuilt, or just isn't running like it should?

Bring it into our small engine repair shop for a quote.

We also sharpen chains.

RULES from page 1B

just as the records of pitchers differ from each league. When Lew Alcindor was at UCLA, the NCAA rules committee decided to ban the dunking of the basketball. Alcindor had to alter his offensive approach to scoring. While this rule was in effect for only a short time, Alcindor credited this rule with his development of the sky hook, a shot so effective it dominated the NBA for over two decades. The three-point line came into the NBA to unclog the middle of the court.

When the first Warrenton High School roll of top basketball scorers was released, I was in the top 15 all-time. When I was inducted into the WHS Hall of Fame, I said in my speech that if the three-point shot was available in my playing days I might have been in the top 10. Several rules have been changed for the safety of players in the NFL. The one constant is the four downs to make a first down. Even though NFL players have become huge individuals, the field dimensions and first down yardage are still the same. The game of football

may continue to modify rules for player safety, but the game is still my favorite. Very few sports allow you to legally hit someone as hard as you can and not get into trouble. Sports play an important role in the world today. Millions of individuals end their work/school day only to go out and play. Whether you go to your own backyard or to a team practice, it keeps you active and involved. There are many opportunities and activities in Florence and Mapleton. Find out where they are and join in the action.

STEP from page B1

• They provide measurable restoration work, such as the fish cleaning station at the Port of Siuslaw which they designed, partially funded, and installed.

• Despite age and general high-risk complications related to COVID-19, they continued to work tirelessly to ensure the winter steelhead program was a success.

• ODFW relies on their

professionalism and experience. ODFW's Executive Assistant Lisa Evans wrote, "Please accept my sincere congratulations to the Florence STEP group as the 2020 Dave Liscia Award recipients. We hope you will join the awards presentation via Zoom on Sept. 17." The award ceremony will take place around 11 a.m. For more details, including the Zoom information, visit www.dfw.state.or.us/agency/commission/.
