THE ASTRION.

THE SCIENTIFIC AMERICAN.

The Public School of Astoria closed Friday last. The attendance during the past term has increased more than one hundred. We are glad to notice that a number of the boys who did not attend the school last term have returned this year. The school is under the care of Mr. T. P. Foster. We understand that it is being conducted with great care and attention to the advancement of the pupils. The pupils are well taught, and great is the interest in the progress of the school, as well as the progress of the children. The school is well equipped with the necessary books and other appliances.

CITY INTELLIGENCE.

The school is under the care of Mr. T. P. Foster. We understand that it is being conducted with great care and attention to the advancement of the pupils. The pupils are well taught, and great is the interest in the progress of the school, as well as the progress of the children. The school is well equipped with the necessary books and other appliances.
