NEW PAPER.-Mr. D. C. Ireland has issued the first number of his new paper, the Tri-Weekly Astorian. It comes out in very handsome style, and is goten up with manifest taste and skill. Mr. Ireland has been in the newspaper business many years, and is known throughout the State for his industry and perseverance. We wish his new enterprise success equal to his hopes and its deserts .-Portland Bulletin,

A New Paper, - The first number of the TRI-WEEKLY ASTORIAN made its appearance yesterday. Its name indicates its character, as it is to be issued on each Tuesday, Thursday and Saturday, and, judging by the numcer before us, is very Astorian in its tone, strongly advocating the superior advantages of Astoria over all other points on the Northwest coast as the site of the great commercial entrepot and center of the future. Mr. Ireland, editor and publisher of the Astorian is too well known to the people of Oregon as a newspaper man, to need an introduction at our hands, and we doubt not he will make his paper a success. His first number is racy, newsy and neat. We like its appearance and wish its prosperity.—Oregonian.

OCEAN BARS AND PORTS.

Below will be found a list of the ecoan bars and ports of the Pacific and Atlantic coasts of the United states, with the stage of water at high and low tide on each bar, It will be seen that Columbia River Bar ranks among the best for depth of water, and that only San Francisco par has a greater depth;

COLUMBIA RIVER-Mean low water, 24 feet; high water, 34 feet.

Beaufort, S. C.—Mean low water, 15 feet; mean rise and fall of tide, 2 feet 8

CHARLESTON-Mean low water, 11 feet; high water, 16 feet I inch.

GALVESTON-Mean low water, 12 feet; high water, 13 feet 1 inch. HATTERAS INLET-Mean low water, 14 Seet; high water, 17 feet 6 inches.

MOBILE—Mean low water, 21 feet; high

water, 22 feet, New York—Mean low water, 21 feet; average rise and fall of tide, 5 feet. Pensacola-Mean low water, 22 feet, 5

inches; high water, 23 feet 5 inches.

PORT ROYAL, S. C.—Mean low water,
19 feet 5 inches; mean rise and fall, 6 feet

WILMINGTON, N. C .- Mean low water, feet; mean high water. 12 feet 5 inches SAN FRANCISCO-Mean low water, 33 feet; high water, 37 feet. HUMBOLDT BAY-Mean low water, 21

feet; high water, 25 feet 7 inches. Coos Bay-Mean low water, 11 feet; high water, 16 feet 7 inches. Umpqua—Mean low water, 13 feet; high

water, 19 feet. GRAY'S HARBOR-Mean low water, 21

feet; high water, 31 feet.
Shoalwater Bay-Mean low water, 18 feet; high water, 24 feet.

To Investors.—The Northern Pacific Enfroad Company built, equipped and put in operation, nearly 517 miles of its main line of road through an excellent country, and along what is known as the Valley Itpide to the Pacific. The finished portions already enjoy a large and fast increasing traffic. The sections approaching completion connect the chain of Lakes with the navigation of the Upper Missouri and Columbia rivers of the Upper Missoari and Columbia rivers with Puget Sound, secure at once a large and profitable business and entitle the Company to about 10,400,000 acres of excellent average

to about 10,400,000 acres of excellent average land in fee simple.

With these accomplished results, the Company offers, and is now rapidly selling, its First Morgage Bonds, for completing the construction and equipment of its road acress the Continent. After careful investigation, we recommend these bonds as a well secured and unusually profitable investment. They have 30 years to run; principal and interest are payable in gold; the interest (seven and three-tenths per cent.) is equal now to about 8,4 per cent. in currency. The coupon and registered bonds can be exchanged for each other, at the pleasure of the holder. Gold checks for the semi-annual interest on the registered bonds are mailed to the post office address of the owner.

These securities have the following elements of strength and safety: They are the obligation of a strong corporation; they are also a mortgage on the Road, its right of way, equipments and franchises and a first leave the strength of the mortgage on the Road, its right of way, equipments and franchises, and a first lean on its net earnings. In addition to this usually sufficient security, there is pledged for the payment of the principal and interest a Grant of Land, averaging about 23,000 Acres per Mile for the entire length of the Road. At the average price per acre at which other Land Grants have thus far been sold, this real estate security will yield more than \$151,000 per mile—more than three times the possible ismile-more than three times the possible is-

The Company has already begun the pro-cess of redeeming and cancelling its first mort-gage bonds, as they are now being received, at 1.10 in payment and exchange for the Com-juny's lands. JAY COUKE & CO., I hilad clopits. New York & Washington.

SMALL-POX CURE.

Dr. Borzeau's Small Pox Cure.

As this most loathsome of all diseases is liable to break out amoung us at any time, it is well to be prepared for it at all times.

Dr. Borzeau's Small-Pox Cure and Preventive, now prepared and kept on hand at my office, corner first and Main streets, one door from First, is a sure cure or preventive for that disease. The history of this medicine can not better be explained by me than by inserting the following somewhat condensed SAMUEL CORWIN, PROPRIETOR.

SAN FRANCISCO, JULY 2, 1872. My dear old friend, Samuel Corwin-I have no doubt but you will be much surprised on receiving this letter, but, perhaps, not more so, or more gratified, than I was to hear from you. The manner in which I heard from you, and learned of your whereabouts, is this: I happened to be looking ever an Oregon newspaper and noticed your name, as Representative elect, from Tillameck county. The thrill of pleasure which I experienced on reading, is indiscribable. The many acts of kindness which I received at your hands long years ago have never been forgotten, notwithstanding our correspondence has been broken for 17 years. Well, Sam, I won't attempt to give you more than the outlines of what has trapspired with me since we last corresponded. So many incidents of the past, in which you and I were connected, crowd upon my mand that I cannot think or write of myself. Does your mind ever revert to the past, when we first met-how you took me in as a partney, when those who ought to have been my best friends threw off on me-how we got snowed in and had to live on potatoes straight for six weeks-how good that grizzley meat tastedwhat a disgraceful retreat we made from our poor innocent Jack, when we thought we were besieged by a grizzley. Well, Sam, those events of 1852 frequently furnish subject matter for my thoughts, and, as I am writing to you, crowd upon my mind, but I will dismiss them for the present to give place to that which will, perhaps, be of greater interest to you.

I pocketed eleven thousand dollars out of the "Deep Claim" you gave me in Maraposa, and started for home in June, 1855. I invested four thousand dollars in real estate in this city, and loft it in care of McLane, our old cabin mate. My property here has yielded me a handsome income, and quadrupled in value. I went into business in New York city, in which I was very successful-sold out two years ago, since which time I have been traveling through the European countries. You know I used to have a weakness for traveling; well, it has been gratified to my heart's conwell, it has been gratified to my heart's content. While in France I was taken with the small-pox. The lady of the inn told me that I was fortunate to take the disease at that place, as there was an old small-pox doctor near by who never failed to cure, no matter how bad the disease; and sure enough, I began to recover within four hours after commencing to take the medicine, and in twenty-four hours I felt quite well. I was so much elated with the magical effects of the medicine that I was determined, if possible, to obtain the formula, in which I succeeded, by paying handsomely and promising not to divulge it in France.

I see from Oregon papers that you have the

I see from Oregon papers that you have the disease among you. The enclosed package contains the formula and sufficient material contains the formula and sufficient material for family use. I have cured all the cases that I have come in contract with, and find it an infallible cure and preventive. When you answer this, I will forward sufficient of the material to make you a fortune, as I have ample, and rest assured I reciprocate past favors. I will close for the present and await anxiously your answer. Direct to San Francisco, as I will remain here about two months.

Yours etc., ISAAC RICHARDSON.

When I received this medicine, there being no small-pox in the State of Oregon, I sent packages to a number of places in California and other States, to be properly tested, although my own confidence in its virtue was completely established by the source from which I obtained it. The following letters were duly received from the parties to whom I sent test packages of the medicine:

SACRAMENTO, Cal, Dec. 27, 1872.
Samuel Corwin, Nehalem, Oregon—Dear Sir: I have the pleasure of communicating to you the fact I had an opportunity at last of you the fact I had an opportunity at last of testing the efficiency of your preparation for the cure of small-pox. Mr. A. Keyser, a friend of mine, was taken with the small-pox December 18 th. I learned the fact about six o'clock on the evening of the 19th, and started immediately for the residence of Mr. K., situated about fourteen miles from here, towards Cache Creek, Yolo county, I got to K.'s place just twenty minutes before twelve o'clock, and commenced giving the medicine precisely at twelve o'clock. Continued to give the medicine every hour until twelve o'crock next evening, having given twenty-nine doses; and, ning, having given twenty-nine doses; and, without further aid, K. recovered, and is new as we'll as ever, without any visible signs of ever having had the disease. All of us who were exposed, took of the medicine as a preventive, and I have no doubt, by so doing, were kept from getting the disease.

Yours etc., JAMES HASBIN.

FERNDALE, Humboldt Co, Cal Feb. 1 1873.

Friend Corwin—Your small-pox cure proved quite a God-send to this community lately. I had the satisfaction of curing three of our townsmen of the small-pox lately. Now, I am out of medicine, and I want you to send me about a thousand bottles, or send an agent down here. You would do well to have an agent in every town in California. I am getting up a statement, with the signature of the ting up a statement, with the signature of the parties knowing the facts, and will send it soon. Accept our thanks, est., C. E. CHURCH.

No person should be without this medicine, as the disease is now in various parts of the country, and may be among us any day. It is an old and true adage, that "An ounce of preventive is worth a pound of cure"-" Tis a wise man that carries his coat on a fair day," SAMUEL CORWIN, Proprietor.

PROSPECTUS

THE ASTORIAN

PUBLISHED TRI-WEEKLY,

MONITOR BUILDING. - - - ASTORIA, OREGON

D. C. IRELAND, Proprietor.

The Paper will be independent of politics in all its views, expressed or implied, and will be conducted with the aim in view to make it wholly and solely devoted to the best interests of this State. The Commerce of Oregon, its Agricultural, Manufacturing and Mechanical interests, the progress and prosperity of the people, will receive special attention. The ASTORIAN will recognize the Farmers and Mechanics of Oregon as men of thought and judg-ment, and will respect their efforts to make their influence known and recognized in the marts of trade, in the counting rooms

of business, and in the halls of legislation.
We shall neither make nor encourage a
war upon, nor wage any conflicts with, any enterprises, associations or men engaged in legitimate pursuits where success depends upon the interest and continued earnestness of the people. While we shall endeavor to show the truthfulness of the old maxim, that "the laws favor the diligent," we shall strive to harmonize interests calculated to be of direct benefit to the State. Astoria is the sea port of Oregon, has an

excellent harbor, and vessels of the deepest draught enter in perfect safety at all seasons. Camparative statistics show less per cent. of losses on the Columbia River Bar for the past twenty years, than at the entrance to any other port in the United States, and the facts may be easily produced to show the fallacies of such wide discriminations by underwriters and insurers, in favor of other ports, and against the port of Oregon. It was the Gold Min-ing excitements of 1849 that built up California so rapidly as to overshadow and outstrip this part of the northwest possessions. at a time when the first propositions for communication between New York and Astoria were about to be inaugurated. The gold discovery of 1849 set Oregon back and made our sister State what she is. Now, things are upon a more equal footing, with lands and Agriculture for a basis of future operations—with the difference in favor of Oregon in her cheap lands and varied natural resources yet undeveloped. Temporarily there is a stringency in the money market, but business generally continues good, and as many vessels are em-ployed in the carrying trade, if not more, than in past years of our prosperity. A few more acers planted, a few more fish and oysters marketed, a few more tons of coal and iron mined, more home rescources developed and manufactories established, will improve the outlook very much.

The history of Astoria is full of interest from the arrivals of Captain Gray in the Summer of 1792 to the present time, all of which will receive due attention. The arrivals and departures of vessels at Astoria, and the business of the surrounding country, having no journal to correctly represent the interest, has of necessity been neglected, to the detriment of the entire State. With the view of supplying this want the undersigned has concluded to enter the newspaper world at this venerable old city, on the banks of one of the noblest rivers entering any ocean, and relying for my sup-port upon an appreciative people, among whom I am not as a stranger, having been connected with the press of the State for ten years, it is with the utmost confidence of success that I issue this brief outline of the purposes actuating me, and solicit your pat-ronage. D. C. IRELAND. ronage.

JUSTICE COURT FOR THE PRECINCE

JUSTICE COURT FOR THE PRECINCY
of Astoria: Civil action to recover money.
State of Oregon, County of Clatsop—st.
George Birchard, Plaintiff.)
To Thomas Dungan, Defend'nt gan the defend'nt above named: In the name of the State of Oregon, you are hereby required to appear before the undersigned, a Justice of the Peace for the Precinct aforesaid, on the 13th day of August, 1873, at 9 o'clock in the forencon of said day, at the office of said Justice, in said Precinct, to answer the above named Plaintiff in a civil action. The Defendant will take notice, that if he fall to answer the complisht herein, the Plaintiff will take judgment against him for \$86.25-100 dollars, and costs and debursements of this action.

Given under my hand this, 18th say of June 1873, H. B. PARKER, Justice of the Peace

of H. B. Parker, Justice of the Peteria preciset, made the 18th day of
