PLAIN FEATURES. - Plainness of features is not at all incompatible with beauty. There is a great difference between a person's being plain and being ugly. A person may be very plain, and yet attractive and interesting in countenance and manner, and surely no one can call such a person ugly. There are no rules to be depended on for the settlement of beauty, and still less can ugliness be defined otherwise than, by itself. If we were asked to say what constitutes an ugly woman, we could not reply.

Farly Cut, Hay, is confessedly better for milk-giving animals than ripe hav. For new milch-cows and causes with lambs it is very desirable to cut a few tons of clover just before it gets into full bibssom. It will not yield as much per acre as if allowed to stand until the blossoms begin to turn, brown, and the hav may not be so nutritious for fattening stock but it is more succulent and more easily digested, and when fed In connection with a little meal will produce more milk.

"How like its father it is exclaimed the nurse, on the occasion of the chrisnaming of a baby whose father was over, seventy,, and had married a young wife, "Very like," replied a satircal lady; "hasn't a tooth in its head."

PORTLAND, OREGON. A finde to order. Chessing and repelling SMALL-POX CURE.

Dr. Borzeau's Small Pox Cure.

As this most loathsome of all diseases is liable to break out amoung us at any time, it is well to be prepared for it at all times.

Dr. Borzeau's Small-Pox Cure and Preventive, now prepared and kept on hand at my office, corner first and Main streets, one door from Virst, is a sure cure or preventive for that disease. The history of this medicine can not better be explained by me than by inserting the following somewhat condensed SAMUEL CORWIN, PROPRIETOR.

SAN FRANCISCO, JULY 2, 1872. My dear old friend, Samuel Corwin-I have no doubt but you will be much surprised on receiving this letter, but, perhaps, not more so, or more gratified, than I was to hear from you. The manner in which I heard from you, and learned of your whereabouts, is this: I happened to be looking over an Oregon newspaper and noticed your name, as Representative elect, from Tillamook county. The thrill of pleasure which I experienced on reading, is indiscribable. The many acts of kindness which I received at your hands long years ago have never been forgotten, notwithstanding our correspondence has been broken for 17 years. Well, Sam, I won't attempt to give you more than the outlines of what has transpired with me since we last corresponded. So many incidents of the past, in which you and I were connected, crowd upon my mind that I cannot think or write of myself. Does your mind ever revert to the past, when we first met-how you took me in as a partner. when those who ought to have been my best friends threw off on me-how we got snowed in and had to live on potatoes straight for six weeks-how good that grizzley meat tastedwhat a disgraceful retreat we made from our peer innocent Jack, when we thought we were besieged by a grizzley. Well, Sam, those events of 1852 frequently furnish subject matter for my thoughts, and, as I am writing to you, crowd upon my mind, but I will dismiss them for the present to give place to that which will, perhaps, be of greater interest to you.

I pocketed eleven thousand dollars out of the "Deep Claim" you gave me in Maraposa, and started for home in June, 1855. I invested four thousand dollars in real estate in this city, and left it in care of McLane, our old cabin mate. My property here has yielded me a handsome income, and quadrupled in value. I went into business in New York city, in which I was very successful-sold out two years ago, since which time I have been mayeling through the European countries. You know I used to have a weakness for traveling; well, it has been gratified to my heard's content. While in France I was taken with the small-pox. The lady of the inn told me that I was fortunate to take the disease at that place. as there was an old small-pex doctor near by who never failed to cure, no matter how bud the disease; and sure enough, I began to re-cover within four hours after commencing to take the medicine, and in twenty-four hours I telt quite well. I was so much elated with the magical effects of the medicine that I was determined, if possible, to obtain the formula, in which I succeeded, by paying handsomely and promising not to divulge it in France.

I see from Oregon papers that you have the disease among you. The enclosed package contains the formula and sufficient material contains the formula and sufficient material for family use. I have cuted all the cases that I have come in contract with, and find it an infallible cure and preventive. When you answer this, I will forward sufficient of the material to make you a fortune, as I have ample, and rest assured I reciprocate past favors. I will close for the present and await anxiously your answer. Direct to San Francisco, as I will remain here about two months.

Yours etc., ISAAC RICHARDSON.

When I received this medicine, there being no small-pox in the State of Oregon, I sent packages to a number of places in California and other States, to be properly tested, although my own confidence in its virtue was completely established by the source from which I obtained it. The following letters were duly received from the parties to whom I sent test packages of the medicine;

SACRAMENTO, Cal., Dec. 27, 1872.

Samuel Corwin, Nehalem, Oregon—Dear Sir: I have the pleasure of communicating to you the fact I had an opportunity at last of testing the efficiency of your preparation for the cure of small-pox. Mr. A. Keyser, a friend of mine, was taken with the small-pox December 18 th. I learned the fact about six o'clock on the evening of the 19th, and started immediately for the residence of Mr. K., situated about fourteen miles from here, towards uated about fourteen miles from here, towards Cache Creek, Yolo county. I got to K.'s place just twenty minutes before twelve o'clock, and commenced giving the medicine precisely at twelve o'clock. Continued to give the medi-cine every hour until twelve o'clock next evening, having given twenty-nine doses; and, without further aid, K. recovered, and is now as well as ever, without any visible signs of ever having had the disease. All of us who were exposed, took of the medicine as a preventive, and I have no doubt, by so doing, were kept from getting the disease.

Yours etc., JAMES HASBIN.

FERNDALE, Humboldt Co, Cal, Feb. 1 1873.
Friend Corwin—Yoar small-pox cure proved quite a God-send to this community lately. I had the satisfaction of curing three of our townsmen of the small-pox lately. Now, I am out of medicine, and I want you to send not about a thousand bottles, or send an agent down here. You would do well to have an agent in every town in California. I am getting up a statement, with the signature of the parties knowing the facts, and will send it soon. Accept our thanks, etc.,

C. E. CHURCH.

No person should be without this medicine, as the disease is now in various parts of the country, and may be among us any day. It is an old and true adage, that" An ounce of preventive is worth a pound of cure"-"Tis a wise man that carries his coat on a fair day," etc. SAMUEL CORWIN, Proprietor.
