Clearances and Departures.

The steamship Oridanne sailed for San
Francisco Saturday morning.

Schooner Margaret Crocker, loaded with
lumber for lower California, cleared and sailed

taking two large ships to Portland to load.
This vessel came in on the 18th ult., from the
Sandwich Islands.

Steamer California, from Sitka on the 1st ult.
having been repaired sailed yesterday with a
full cargo for Sound ports and Sitka.

The brig Orient, loaded with lumber from
Knappton, sailed for San Francisco on the 3d.

land with 182 1/2 tons.

To Investors.—The Northern Pacific
Railroad Company has now built, equipped
and put in operation, nearly 517 miles of its
main line of road through an excellent coun-
try and along what is known as the Valley
Route to the Pacific. The finished portions
already enjoy a large and fast increasing
traffic. The sections approaching completion
connect the chain of Lakes with the navigation
of the Upper Missouri and Columbia rivers
with Puget Sound, secure at once a large and
profitable business and entitle the Company
to about 10,000,000 acres of excellent average
land in fee simple.

With these accomplished results, the Com-
pany offers, and is now rapidly selling, its
First Mortgage Bonds, for completing the
construction and equipment of its road across
the Continent. After careful investigation,
we recommend these bonds as a well secured
and unusually profitable investment. They
have 30 years to run; principal and interest
are payable in gold; the interest (seven and
three-tenths per cent.) is equal now to about
8 1/2 per cent. in currency. The coupon and
registered bonds can be exchanged for each
other, at the pleasure of the holder. Gold
checks for the semi-annual interest on the
registered bonds are mailed to the post office
address of the owner.

These securities have the following elements
of strength and safety: They are the obliga-
tion of a strong corporation; they are also a
mortgage on the Road, its right of way, equip-
ments and franchises, and a first lien on its
net earnings. In addition to this usually suf-
ficient security, there is pledged for the pay-
ment of the principal and interest a Grant of
Land, averaging about 23,000 Acres per Mile
for the entire length of the Road. At the
average price per acre at which other Land
Grants have thus far been sold, this real estate
security will yield more than \$151,000 per
mile—more than three times the possible is-
sue of bonds.

The Company has already begun the pro-
cess of redeeming and cancelling its first mor-
gage bonds, as they are now being received,
and in payment an exchange for the Com-
pany's lands.
