Democratic Platform.

ADOPTED IN THE STATE CONVENTION, PORTLAND, SEPT. 9, 1873.

1. That we recognize and support the legal and constitutional authority of the Federal government, but insist upon the strict construction of the Federal Constitution as necessary to the preservation of the inherent rights of the people; that we oppose centralization as the most insiduous and dangerous enemy of popular rights, and will continue to denounce it in every guise in which it may appear; that the several departments of our government-Legislative, Executive and Judicial—are independent in their respective spheres under the Constitution, and any attempt by any one of them, to usurp authority, is destructive of the Constitutional rights and independence of the others, and should be rejected as dangerous to initial theorem.

civil liberty.

2. That justice demands a revision of our tariff laws, with view to secure revenue alone, and not to tax the community in general for the benefit of particular interests, and to the detriment of the laboring classes of the community.

munity.

3. That the wealth of the country is the product of labor, and that we heartily favor such legislation as has for its object the protection and support of the producing and laboring classes. Capital protects itself, while labor in in its numerous and diversified forms, needs and must have, the fostering care of prudent and skillful legislation, and particularly is this true at this time, when the profits of production are being swallowed up in the exterionate are being swallowed up in the extortionate

rates of transportation. 4. That all corporations are subject to legislative control; those created by Congress sho'd be restricted and controlled by Congress, and those under State laws be subject to the control of the States creating them; and all corporations should be so controlled as to prevent them from becoming engines of oppression; and also the property of all corporations should be asand taxed at the same rates as property

of individuals.

5. That we view with great apprehension the wide-spread corruption and dishonesty that has recently marked our public service, and considering as shameful and iniquitous the recent act of Congress granting an increase of salaries, we demand an immediate repeal and we denounce every member of Congress, Democrat or Republican, who supported the measure, and also the President of the United States by whose approval the infamous act became a

6. That the act of the President in setting up by the bayonet a government in Louisiana not desired by her people, and having no title whatever to rule them, was a flagrant violation of her rights under the Federal Constitution.

7. That every department of the government being in the hards of the Republicans they are justly responsible for the evils and wrongs in legislation and administration of which the

country complains.

8. We are opposed to granting by the general government of subsidies to steamship lines to import Chinese slaves to our shores, and we demand such modification of the Burlingame treaty with China as will effectually cut off this

stream of Chinese immigration.

9. We domand of Congress an additional appropriation for the removal of obstructions to the navigation of the Wallamet river, and such aid by appropriation or otherwise as will open the Columbia river to free navigation, by means of a canal and locks at the Cascade port-age, and the proceeds of the sale of alternate sections of the public lands to aid in the con-struction of the Portland, Dalles and Salt lake

10. That as the vast extent of our coast (ombracing a distance of nearly 1,000 miles in ex-tent), is destitute of any place of resort for ves-sels in stress of weather, and vast amounts of property are [liable to loss] yearly thereby, together with a great many valuable lives; Therefore be it resolved, that we rejuire of our Representatives in Congress that they use every honorable effort to secure an appropria-tion for the harbor of Port Orford; first, as being adapted to an improvement of the kind, and also for the improvement of all places in the State that may contribute to our commorcial prosperity.

11. That the policy of the general government known as the "Indian Peace Policy," by which Indian tribes have been encouraged in, and granted immunity for, the wholesale robbery and massacre of helpless citizens upon frontiers has retarded the settlement and development of our unoccupied territory, and has materialy injered our State in our vital interests; that it is a wrong, if not a crime, and ought to be aband med for a policy of firmness and justice. 12. That we most cordially invite all who fa-

vor retrenchment and reform in every department of the public service, and the restoration of the government to its former purity and efficiency, to assist us by their votes and influence in the attainment of objects so important and slo eod desirable.
