A USEFUL TELEGRAPH POLE--AN OLD STAGE ROBBER STRANGLED.

NEW ORLEANS, Jan. 5.—The quarantine authorities will fumigate all vessels from south and central American, and West India ports, to prevent the introduction of small-pox.

NEW YORK, Jan. 6.—The Posts special from Cohoes, N. Y., says the Harmony Cotton mill, employing 3,500 hands and producing 300,000 yards of cotton goods daily have reduced their working time to three days a week, in order to enhance demand and stiffen prices.

ROCHESTER, N. Y., Jan. 6.—A passenger train left for the east about noon to-day which was the first connection in any direction for three days. The track is now open at the scene of Friday's accident, seven miles east of this place.

NEW YORK, Jan. 6.—Wall street gossip is to the effect that the Vanderbilts and Garrison are combining to control roads to St. Louis. The point of union is the Wabash road, beyond which Garrison is master of the situation, while Vanderbilt controls the outlet.

This pool, it is whispered, has secured root in the St. Paul and North-western board of directors. The individual who furnishes the connecting line of steamers to the project is under no obligation to carry for one road exclusively, but may load from Erie elevators as well.

It is said Jim Keene is about establishing a stable in Chicago.

An association offering new homes in New Mexico along lines of railway, is attracting some attention among the workmen here. Twenty acre farms, with cattle and farming implements are sold for twenty dollars.

CHEYENNE, Jan. 6.—Last night at Carbon station twenty-five or thirty masked men broke open a baggage car and took out and hung to a telegraph pole Dutch Charley, who was en route to Rawlins for trial, charged with participation in the widow Field murder last fall. He was a notorious character and had been identified with several stage robberies in Wyoming.

FAILURE OF A CORNISH BANK.

BERLIN, Jan. 5.—Mrs. Taylor's return to America is still unfixed, owing to trouble with her landlord about the lease of her house, he refusing to allow her to surrender it, until the expiration of the lease.

German socialist leaders still are emigrating to America. Eighteen agitators recently sailed for New York.

PARIS, Jan. 5.—The senatorial elections which took place to-day resulted in a great republican triumph. Of conservative senators whose terms have expired only 13 have been re-elected. All retiring republican senators will be re-elected. The general result shows the election of 15 conservatives and 64 republicans. The republican majority in the senate will be about 57. Several ballots are necessary in the departments of Hanta, Garrone and Landers. The result in Martinique is not yet known. Among the newly elected republican senators are M. M. Fourmer, ambassador to Turkey. Deremset, Favre and Masygen Faidhemb are among the rejected conservatives.

BERLINE, Jan. 6.—The socialistic democrats lately carried most of their candidates around Leipzig. A socialist will stand for Bredon at the election for the reichstag.

LONDON, Jan. 7.—Dispatches from Constantinople say Seleiman Pashas appeal has been rejected. He has been degraded and exiled for life, and now appeals to the Sultan for pardon. Safoet Pasha, new ambassador at Para, has asked the Sultan that he be allowed to remain in Constantinople and is authorized to postpone his departure. It is possible that another ambassador will be appointed. It is stated that the Montenegrin intend to forcibly enter Podgoritz.

The State line of steamship, State of Louisiana, from Glasgow for New York, which went ashore December 24th, went to pieces on Saturday.

ST. PETERSBURG, Jan. 6.—The plague which has broken out in Astrachan it is said was introduced by the Cossacks returning from Turkey. Nothing is known here of any intention to seek Russian protection.

PARIS, Jan. 6.—Admiral Toschaud,

re-elected member of the chamber of deputies, is dead.

LONDON, Jan. 6.—The weather is again cold. Daily increasing distress is heard of in every quarter during the past week. At Manchester Friday there were 3,000 applications from heads of families, representing 13,500 persons, for relief. And on Saturday there were 4,000 fresh applications. During the current week 1,200 families have been relieved in Northampton.

Considerable increase of distress is also reported from Sheffield. The striking employes at all points of the Midland railway remain very firm. The company is filling their places where possible. It is currently reported that the drivers will strike en masse if incompetent persons are engaged.

The Cornish bank at Nottingham has gone into liquidation, incident to the strikes. Liabilities over £1,000,000. Some say the bank can pay in full; but it seems to be in the present state of affairs impossible. It is believed that the mines of western Cornwall alone owe £100,000, the calling-in of which would have a disastrous effect on the whole of west Cornwall.

The Chinese Question.

DISCUSSION IN THE CABINET ON MONGOLIAN IMMIGRATION.

Special Dispatch by Steamship Oregon.

WASHINGTON, Jan. 4.—Secretary Evarts to-day brought the Chinese question prominently to the attention of the president and other members of the cabinet, and it was made a topic for general interchange of views during the greater portion of the time occupied by the meeting.

SECRETARY EVARTS VIEWS.
Secretary Evarts, after referring to the passage of a resolution by both houses of congress, seven months ago, recommending the executive to institute diplomatic negotiations on the subject, explained that action on the part of the state department had been delayed to await the arrival of the Chinese embassy, whose coming was expected last summer, it being believed that time would be saved and the results more easily accomplished by conducting negotiations with them in person. This was considered desirable, also, in view of the fact that Minister Seward had already been granted leave of absence from Peking to come to Washington.

INDIFFERENCE OF THE CHINESE EMBASSY.

Mr. Evarts next remarked that after the Chinese ministers arrival it was deemed courteous and proper to allow them a little time to become settled before urging the business upon their attention; but although they have been informed of our desire to open negotiations concerning Chinese immigration, and have had ample opportunities to respond to the verbal suggestions made to them that our government would be pleased to receive some expression of their views upon the subject, they have manifested no disposition to discuss it, and he, therefore, thought the matter should, without further ceremonious waiting, be explicitly brought to their attention by a formal communication requiring official consideration, and official action.

OPINIONS OF THE PRESIDENT AND OTHER MEMBERS OF THE CABINET.

The President and all other members of the cabinet present (Secretary Sherman being the only one absent) agreed to this view, and were likewise all in perfect accord with Mr. Evarts, in holding that great injury is done to our in-

dustrial interests, and great danger threatened to our country in many other ways, by the unrestricted immigration of Chinese for the purposes of gain and not to establish homes and assimilate with our people and our institutions, like other immigrants. It was, therefore, unanimously agreed that some check ought to be imposed upon this influx, and ascertain whether the provisions of the Burlingame treaty stand in the way of congressional action on the subject, although it was considered by Mr. Evarts and others that congress has constitutional power to override these obstacles.

REMOVAL OF THE CHINESE HIGHLY DESIRABLE.

It was next agreed on all hands to be highly desirable to remove them, if possible, by diplomatic negotiations. At all events, in the opinion of the President and cabinet, this course should be fairly tried. Secretary Evarts was therefore authorized and instructed to make the effort with the utmost possible emphasis and urgency and at the earliest possible date.

THE EXECUTION WILL SUSTAIN ANY ACTION OF REPUBLICANS.

In the course of the discussion some reference was made to the political aspects of the question, and it was quite evident that the administration will privately have no objection whatever to any action which the republican members of the house and senate may take to secure for the republican party an access of political power by carrying through some measure that would restrict Chinese immigration by direct legislative action.

Flashes by Lightning.

—The Liverpool grain markets are reported dull.

—Alonzo Garcelon has been elected governor of Maine.

—A great many official bonds of "the corporation of Washington" are incompletely filed.

—By a change in the payment of post-master's salaries, about \$900,000 per annum will be added to the postal revenue.

—Forty-five persons charged with frauds in the Louisiana election were admitted to bail in \$1,000 each, on the 2d.

—Sheridan and Schurz are still harping on the ingin-bureau business. Schurz has the best of the argument as he has the inside track.

—The two principal hotels in Columbus Georgia, and Troy Alabama, the Rankin house and Jones hotel, were destroyed by fire on the 2d. Losses \$77,000.

—The number of miles of railroad constructed in the United States last year was 2,688, exceeding any previous year since 1873. Minnesota, Iowa, Missouri, Colorado and Kansas made the greatest progress in railroad building.
