WASHINGTON NEWS.

HELENA, Montana, Jan. 9.—On the 27th of December mail driver Casey left Sun river in a mail cart for Fort Benton. Not reaching twenty-eight mile Spring station, half way to Benton, and a blinding snow storm prevailing at the time, it was supposed that he was lost. Search was made, and on the 5th inst. Casey was found, seated in the cart, which the horse was drawing slowly along, about twenty miles north of Spring station. During all this time he had wandered on the prairie in nearly a circle, picketing the horse and camping out at night. His feet were badly frozen, but it is believed not seriously. The only thing that passed his lips for nine days was tobacco and snow. The thermometer the whole of that time being below zero. It is a most remarkable case of endurance.

NEW YORK, Jan. 9.—The eastern movement for Grant's re-nomination to the presidency is quieting down. It is the general opinion among the shrewdest in forecasting the political horizon, that the Grant movement reached its climax after the Maine election, when fear was aroused of the greenbackers obtaining control of congress.

PITTSBURGH, Pa., Jan. 9.—At 7 o'clock this morning, just after the miners had descended into the Pennsylvania Coal Co.'s shaft No. 4, near this place, a terrible gas explosion occurred near the carriage way by which several men are supposed to have been killed.

SHERMAN, Neb., Jan. 9.—Clark Hubbard, wife and two children, en route west from Sherman city, were frozen to death near Pilot point, Texas, on the night of the 5th instant.

CLEVELAND, O., Jan. 9.—Hon. Columbus Delano, ex-secretary of the interior, is dangerously ill at his residence at Mt. Vernon. Thos. Reed, for seven years cashier of the First National bank, has absconded. The president of the bank offers \$1,000 reward for his capture.

HARTFORD, Jan. 9.—The Connecticut legislature met in joint convention to-day and elected an entire republican state ticket, Gov. Andrews

was escorted to the capitol and installed as governor.

WASHINGTON, Jan. 9.—The house committee on education and labor to-day, with only one negative vote, adopted an entirely new report proposed by Willis, to accompany the chinese immigration bill, in which he shows not only that restrictive legislation is demanded by the public interest, but that it is unquestionably within the constitutional power of congress to enact legislation in contravention of treaty, or to repeal a treaty altogether. The report is able and exhaustive on all points. It will be presented to the house to-morrow.

LIABILITIES OF THE CORNISH BANK.

UNEASINESS ALLAYED, AND THE DRAIN UPON OTHER BANKS DECREASING

PUNISHED FOR AVOIDING CONSCRIPTION.

LOSS OF THE BRITISH STEAMER BAYARD FROM NEW ORLEANS.

TWO SURVIVORS PICKED UP BY A SPANISH BRIG.

DISPATCHES FROM ROME.

IMPORTANT CHURCH LETTER FROM THE POPE.

A SENSATION ANTICIPATED.

LONDON, Jan. 9.—The Liabilities of the Cornish bank are £268,000 sterling, which is much less than supposed. The uneasiness in Cornwall is allayed and the drain upon other banks has considerably decreased.

PARIS, Jan. 9.—Sixty young men having quitted Thann, Alsace, to avoid conscription have each been sentenced by default to pay a fine of 12,000 marks, or two hundred days imprisonment, and suffer the seizure of their property to pay the fines.

LONDON, Jan. 9.—The Spanish brig Enraneoan, from Fernando, Florida, for Floral, Spain, landed there yesterday with two of the crew of the steamer Bayard, which foundered at sea December 10th. All of the remainder of the crew were drowned. The Bayard was a British steamer of 964 tons, commanded by Capt. Everette. She sailed from New Orleans Dec. 4th for Rouen.

ROME, Jan. 9.—The Pope has just sent to the bishop of the Catholic church a very important church letter in which he speaks at length of the condition of the church and society and explains what he has already done, and what remains to be done. The document will shortly be published. It is believed it will create some sensation.

—Mr. Shipley tells us of a disease which has worked disastrously among the cattle and hogs of farmers in Indiana and Michigan. The cattle are taken suddenly and generally die in their tracks. By a post-mortem examination of two steers it was found that the entire system, intestines, organs, arteries and veins, were in a general state of congestion. It is to be hoped the disease may be prevented from spreading any further. The report of D. W. Voyles of Indiana, to the agricultural department, on the so-called hog cholera which has been afflicting the swine of that and neighboring states, indicates that the disease is not cholera at all, but a form of catarrhal pneumonia.

ANOTHER DEMONSTRATION IN SAN FRANCISCO.

A MIXED REPORT—BUT APPARENTLY A DISGRACEFUL PROCEEDING.

ANOTHER VICTIM TO DRINK—SUICIDE IN GILROY.

A YOUTH KILLED BY PISTOL PRACTICE.

SAN FRANCISCO, Jan. 8.—Union hall was crowded last night in response to a call of Capt. Thos. Francis O'Malley Baines, for an anti-coolip meeting. Baines presided in full Fenian uniform. The Kearneyites were present in force, and Baines was almost entirely unable to make himself heard. The recusant "workingman's senator," Bones, was called upon for a speech, but was treated worse than Baines. A number of other speakers met with rather bitter success. Some very violent speeches were made which the crowd present applauded vociferously. When the meeting adjourned, a number of Kearneyites surrounded Senator Bones on the sidewalk, and jeered and jostled him considerably, knocked off his hat, and made it generally unpleasant for him, but attempted no serious violence. A fine drizzling rain is falling.

GILROY, Jan. 9.—John S. Murray committed suicide this morning in the office of the Southern Pacific hotel by cutting his throat with a razor. He had been railroad and general engineer, but being out of work and in poor health had taken to drink which crazed his brain and resulted in self murder.

STOCKTON, Jan. 9.—A brother of Linden, 12 years old, accidentally shot himself while trying to load a pistol. The bullet entered the thigh and passed through the bowles killing him instantly.

The Ice Gorge.

Special Dispatch to The Daily Astorian.

NO BOAT WILL LEAVE PORTLAND FOR SEVERAL DAYS

ICE GORGE AT THE MOUTH OF THE WALLAMET.

TWO OR THREE DAYS WILL BE REQUIRED FOR THE ICE TO MOVE OUT.

STEAMSHIP OREGON AT KALAMA.

PORTLAND, Jan. 10.—No boat will probably be dispatched for Astoria, for several days, as there is a large gorge of ice at the mouth of the Wallamet. The channel is entirely closed. And it will probably require two or three days for the ice to clear itself away.

The steamship Oregon came up as far as Kalama, and finding considerable ice in the river did not attempt to proceed further. There is no possibility of the steamer reaching here to-day.

—During 1878 there were 191 strikes in England. Some curious mathematician has made a calculation showing that if all the people who engage in the strikes were to work uninterruptedly for the next ten years at the advance wages for which they struck, they would not recuperate themselves from the losses sustained during these twelve months. What is made out of strikes?
