TELEGRAPHIC NEWS.

European States.

Congressional news is unimportant except to men who love party in preference to their country...

The ship Niobe, which sailed for Australia from New York on the 2d, took nine locomotives, ninety-nine organs, four hundred and three packages of clocks and a large assortment of agricultural implements...

The citizens of Davis city, Iowa, on Monday banded together seized two desperadoes, Tucker and Tarter, hung Tucker, and would have hung Tarter, but he was taken from the mob and jailed.

Senator Teller has reintroduced his bill for the payment of Ben. Holladay's claim of about half a million dollars, for the losses sustained by Indian spoiliations, and a compulsory change of route and the use of his property by soldiers during his performance of the overland mail service.

The New York Times thinks that it may appear wildly and absurd to give warranty of a democratic scheme for the admission of Utah as a state, but the eminent democratic majority in congress is capable of almost any sort of mischief.

Pacific Coast Dispatches.

Troy Dye is a maoiac and has to be tied with straps and constantly watched.

The Skagit river gold mines are creating great excitement. The gold-bearing region extends fifty miles. A large party left Seattle Monday. On the head waters the gold is coarse and heavy and in a favorable place for diggings.

It is rumored that the Pacific Mail steamship company is negotiating with the Central Pacific railroad company for the sale of the Australian line of steamers. It is affirmed that the line to Australia is not profitable, there not being trade enough to pay expenses.

Foreign News.

Peru and Bolivia have concluded an offensive and defensive alliance, and both countries declare war against Chile.

The Italian government recently received an anonymous letter giving warning that an attempt would be made to assassinate Queen Victoria between the frontier and Turin.

Some power brokers have renounced their allegiance to the King of Burmah. This proposal will be presented as a result of British intrigues, and may precipitate the crisis. Burmese vessels are pooled on the river with the evident intention of preventing British residents from escaping by water.
