Gold Mines, 1879

We have not had a real gold rush in this part of the world for about ten years, but it has got to come about this way. We are beginning to hear of some gold being discovered in the vicinity of the Fijis. A New Zealand group has been听到 the news of another rush to the islands, and the entire world is said to be in a state of excitement over the possibility of a new rush.

There are few places in the world where the people are more excited about the possibility of a new rush than in New Zealand. The country is just beginning to feel the effects of the rush, and the people are looking forward to a new era of prosperity. The possibility of a new rush is a source of great hope and encouragement to the people of New Zealand, and they are looking forward to a new era of prosperity.

As the rush to the islands continues, the people of New Zealand are looking forward to a new era of prosperity. They are hoping that the new rush will bring about a new era of prosperity, and they are looking forward to a new era of prosperity.
