

The Daily Astorian.

ASTORIA, OREGON:

D. C. IRELAND, Editor.

FRIDAY, APRIL 25, 1879

Body snatching, not for medical but for political purposes, is sometimes practised in Russia under the authority of the government.

Franklin Wessely, an actress of Leipsic, being a great favorite with the students of that city, a photographer whom the young men patronize largely, has conceived the idea of placing a veiled portrait of the actress beside the camera, at the moment when all is ready to take the impression, withdrawing simultaneously the coverings of the instrument and of the picture.

Prof. Pancoast has been exhibiting and explaining the Carolina twins to the students of the Jefferson Medical College, Philadelphia. They are the pair who have been widely shown as a two-headed girl.

Milwaukee lager beer is by many considered the best in the United States, and is generally supposed to be as pure as any.

Previous to the abolition of serfdom, the Russian nobles enjoyed throughout Europe the reputation of being the richest and most liberal men in the world.

Argument Enough.

The Argument.

We do not believe there can be found beneath the blackest brow so ugly a mug, with so mean a nose, that its owner would desire to bite it off in order to spite the face that it does not adorn.

A keg of gold amounting to \$12,000 was lately recovered from a mill pond, where it had been hidden for fourteen years.
