Poisoned Waters.

ISLAND POND, Vt., May 28.—Mr. Cline's children have died from drinking poisoned water in a brook at Newark, Vt. A number of others are not expected to live.

Fishing Boat Disaster.

GLOUCESTER, Mass., May 28.—Another fishing schooner, the William Thompson, has been lost, with a crew of fourteen men. They leave seven widows and twelve orphans.

Movements of a U. S. War Ship.

WASHINGTON, May 28.—Rear Admiral Rodgers informs the navy department from Callao, April 30th, that the ship Lackawanna sailed that day for Samoa and the Gilbert group of islands. After visiting the same she will probably go to San Francisco via the Sandwich islands.

Pacific Mail Co.

NEW YORK, May 28.—The Pacific Mail election was held to-day, resulting in the election of the old board of directors, except Babcock and Potts, whose places were taken by Russell Sage and Howston, who were connected with the company under the Rufus Hatch administration. Both of these gentlemen represent Pacific railroad interests; hence present arrangements are likely to continue.

PACIFIC COAST NEWS.

Another Failure.

SAN FRANCISCO, May 28.—Prosper May, an old established wholesale liquor dealer, 733 and 725 Clay street, is reported failed for \$50,000.

Murderers Lynched.

BAKERSFIELD, May 28.—At about 12:15 this morning some one called at the door of the Court-house and was answered by Jailer Reed, who was requested to open the door. Mr. Reed refused, when the door was forcibly broken and about 75 men entered. The jailer was ordered to throw up his hands, which he did. The keys were then demanded, but refused. Search was then made and the keys found. The mob entered the cells containing Thomas and William Yokum, and lynched them by hanging them in their cells. Wm. Yokum was chained to the floor of the cell, and as the chain could not be loosened, he was hung with the chain on his feet and was shot several times. The Yokums were in jail for the killing of Johnson and Tucker at Long Tom, more than a year ago. Wm. Yokum had his trial and was convicted of murder in the first degree and the supreme court ruled that he should have a change of venue, and the case was moved to Fresno county. The mob were all masked except five.

The New Indian Reservation.

Inquiry having been made by many persons in regard to the boundaries of Moses' reservation, we print the following executive order, which defines them:

EXECUTIVE MANSION, April 19, 1879.

It is hereby ordered that the tract of country in Washington territory, lying within the following described boundaries, viz: Commencing at the intersection of the forty mile limits of the branch line of the Northern Pacific railroad with the Okanagan river; thence up said river to the boundary line between the United States and British Columbia; thence west on said boundary line to the 44° of longitude west from Washington; then south on said degree of longitude to its intersection with the forty mile limit of the branch line of the Northern Pacific railroad; and thence with the line of said forty mile limits to the place of beginning, be and the same is hereby withdrawn from sale and set apart as a reservation for the permanent use and occupation of Chief Moses and his people, and such other friendly Indians as may elect to settle thereon with his consent, and that of the secretary of the interior

R. E. HAYES.

The Harbor of Refuge.

Mr. T. P. Hackleman, secretary of the Albany committee appointed to further the claims of Cape Foulweather as a harbor of refuge, has received the following letter which explains itself:

PORTLAND, May 15, 1879.
T. P. Hackleman, Esq. SIR: I am in receipt of your favor of the 10th inst. asking the time and place of meeting of the board of engineers for the Pacific coast in view of the act of congress requiring an examination for a harbor of Refuge. I have to say in answer that the board expects to make a *thorough examination of the subject*, and a report will be made only after every one has been heard. Public meetings will be held, at which the members will attend for the purpose of gathering all possible information upon the subject in hand. The notice for these meetings will reach the public through the medium of San Francisco and Portland papers. Arrangements are already in progress, and it is believed the examination will commence at an early date. Very respectfully and truly yours,
G. L. GILLESPIE,
Maj. Eng. and Member of the Board.
