—Steamer day.
—Ancon sails out to-day.
—Oregon to arrive from Frisco.
—Mr. Geo. W. Hume will arrive by the Oregon to-day.
—The weather is getting tropical in the vicinity of Wallula and Umatilla, 97° at the latter point.
—Mr. David Bean, brother of Mrs. Morris of Astoria, died of paralysis in East Portland on Saturday.
—Oregon will be visited by a plague in about ten days,—if people everywhere neglect the caterpillar pest as they do in Astoria.

—Oregon has the finest, the fastest and the best steamships that float anywhere in the world now. The Oregon, Geo. W. Elder, and last but not least the State of California.

—The young ladies of Grace Episcopal church will give an ice cream social for the benefit of the Sunday School, on Tuesday evening June 10th, 1879, at Masonic hall.

—Mr. W. H. Gray returned from the State Grange meeting last evening, and will proceed to Klaskanine farm to-day. Mr. Newsome will go to Klaskanine with Mr. Gray.

—Two live turtle were brought up by the barkentine Jane A. Falkenburg. One was turned over to the Occident hotel at Astoria, and one held in reserve for the Clarendon at Portland, for soups.

—A devastating cyclone laid waste parts of Missouri, Nebraska and Kansas on the 30th. Many people were killed and wounded and hundreds of houses destroyed. Great damage was done to crops.

—Nig, Mr. Mallory's fine Newfoundland pup, passed in his checks Saturday night and is now numbered with the dead dogs. Too free use of fresh salmon is what is supposed to have caused this disaster.

—Councilman Peter Runey was around to see us in our sanctum yesterday. We were quite glad to see him. He has taken rooms at the Occident for the future, so when any of the boys want to go and see Peter they will know where to find him.

—The body of the man referred to in another article to-day was undoubtedly that of the watchman of the Republic, Rodgers. Capt. Gray thinks that the body recently buried on the weather beach which was thought to be that of Henry Lack, was the body of the second officer of the Republic R. Davis.

—Justice Turley bound a beast over for trial yesterday. The fellow goes by the name of Sprague, and has been performing at some of the variety shows in the city. His crime was attempt rape upon a little girl, indecent exposure of his person, etc. He is a husky and will make a capital laborer in the brick yard under Superintendent Bush at Salem.

—Mrs. McCarty was up again yesterday for about the 17th time for drunkenness. She has proven to be a puzzle to the courts, and Chief of Police Barry informs us that a new tack will be taken by the authorities now to meet her case. They will put men on guard for those who sell or give her liquors, and prosecute them to the fullest extent of the law.

—Two disgraceful fights occurred in Astoria on Sunday. One in the notorious Fisherman's Retreat, a place that should be declared a public nuisance, on Main street, and the other on Concomly street, in front of a saloon near Benton street, kept by a woman. As the fishery season advances such scenes become more frequent, and the Police-court overruns with business.

Out of the Jaws of Death.

Last Friday night Badollet & Co.'s No. 1 came up missing, and no trace of the men nor boat could be found until yesterday morning, when the net-tender, Mr. E. D. Marvin, and his boat-puller Lewis Larsen, arrived at the cannery. They had a very thrilling adventure. Mr. Marvin says he began taking up his net, as it didn't run to suit him in Bakers bay, and was wholly thrown off his guard by the rapidity of the current. In the net he found several large sturgeon and snags which interfered with the taking of it in, and the boat was swamped in the breakers. An accident happened that stopped his watch, which makes the hour at two minutes past 11 o'clock. They lost the oars, sail, anchor etc., but managed to hold on to the net, which Mr. Marvin believes was the sole measure of saving themselves. The net acted as ballast, and at the same time was so buoyant that it enabled them to keep themselves above water. After passing through the breakers they picked up a piece of scantling, and by hard work got the boat bailed out, then improvised a sail, and started in, from a point about fifteen miles off shore, abreast of Sholwater bay. They came through the surf opposite the Sea-view house, and Messrs. Stout and Reed, and the family rendered them assistance, and the boat was hauled across to Ilwaco on Sunday. Mr. Marvin was warmly welcomed at the cannery. He says he has ran some desperate chances on the Frazer, upper Columbia and Colorado rivers, but this is the closest call of any. He had to cut the web out of his net finally to get a line before landing in the surf, and lost all of it in landing, but saved the boat. His steering oar was made of a piece of the flooring of the boat. He speaks in terms of highest praise of Mr. and Mrs. Stout, their daughter and Mr. Reed for kindness and attention.

Another Body Found.

Another body was found on the beach north of the light-house on Saturday last, supposed to be from the wreck of the Great Republic. The body was found by Sergeant Lickis and a private, and was in an advanced stage of decomposition. On his person was found two handkerchiefs, marked John T. Roberts, a key tagged bakers shop, a bunch of beads and a cross, a button hook, some fine cut tobacco, a wax doll, pair of white knit stockings, a razor, pen-knife, razor-strop, small hair brush and one dollar in coin.

He had on a fisherman's shirt, dark brown pantaloons, cotton flannel drawers, black silk handkerchief around his neck, barefooted. He was five feet eight inches in stature; light hair and mustache, about one hundred and fifty pounds weight. The right side of his skull appeared to be crushed, and just over the heart a hole indicating violence. A blue felt hat lay by his side, and on a limb near the body a life preserver was hanging, marked G. R. Foot prints on the sand around the body lead Sergeant Lickis to believe that the body had been found by others, but does not think it had been disturbed. Major Sprague gave directions to have the coroner notified.

Another Body Found.

The body of an unknown person was found on the weather beach, Pacific county, W. T., near W. D. Taylor's residence May 27th, apparently a drowned fisherman, probable age 25 or 30, full six feet tall, stout built, full face, smooth shaved, except a thin brown mustache, dark thick hair, strong front teeth, no marks of violence on the body except a flesh wound in front of right ear, new light oil coat on, new gum boots, blue blouse, three shirts, dark pants, nothing found on the body except a pocket knife, waterproof match box and a light silk handkerchief, left side pants pocket torn off; probably been drowned three or four weeks. The remains after an examination were placed in a box, and decently buried above high water mark, under direction of Andrew Olsen, justice of the peace.

—The Blue-ribbon club was addressed by Hon. W. D. Hare, and others, at the meeting on Sunday afternoon. Mr. Hare took, what to us has been for a long time considered the best course, to get at the root of the evils of intemperance. Abolish all attempts to make it appear like a respectable business; repeal the license laws, and make war upon spirituous liquors alone; reducing the taxes upon malt liquors so as to place it upon the markets so cheap that the man who earns but \$1 50 a week could drink to his heart's content and still have something left of his income for the support of those dependant upon him. Mr. Hare believes that no man should be arrested for using what corporations, communities and governments legalize the sale of. He believes it to be a crime to drink, but every citizen of a state or municipality which grants the license to sell it, is equally guilty of crime with the man who drinks it. We hear Mr. Hare's address very favorably commented upon by those who heard it.

GRACE CHURCH.

A special meeting of the vestry of Grace Church was held in the vestry of said church on May 26th at 8:15 P. M. There were present the Rev. O. Parker, S. D. Adair, W. B. Adair, Geo. Taylor, M. H. Sibson and C. J. Trenchard. Mr. S. D. Adair was elected chairman pro tem. The secretary stated that the minutes of previous meeting together with their church record had been burned on May the 19th at the fire of Messrs. Trenchard and Upshur. The yearly report of rector, the Rev. O. Parker, in regard to the general prosperity and financial condition of the parish was then presented and read. Moved, seconded and carried, that the report be received and placed on file, and that a copy be furnished the Oregon Churchman for publication. Resolved, that we the vestry, as representatives of the congregation, extend a vote of thanks to our rector the Rev. O. Parker, and express our satisfaction at the able and faithful manner in which he has attended to the welfare and interest of the parish during the past year. And we regret exceedingly that he declines an extended call to this parish. For the vestry,

C. J. TRENCHARD, Sec.

Commercial Notes.

Peter Wilhelm, at the Gem reading room, is in receipt of dispatches announcing that:

The Melanchton sailed from San Francisco for this port Sunday.
The Oregon sailed for Astoria and Portland from San Francisco on Sunday.
The State of California and bark Rival arrived at San Francisco on Sunday.

—The barkentine Jane A. Falkenburg arrived from Honolulu on the 1st, and proceeded up the river yesterday. Capt. Hubbard has placed us under obligation for files of the Advertiser, from which we learn that times are very dull at the Islands. The Falkenburg was becalmed on the passage eight or nine days. Mr. Mark A. King returned to Oregon by her, looking very much as if the trip had done him good. Mr. Marshall also returned, considerably improved in health.

—The schooner Alpha, Capt. Starr, arrived on Sunday, from Grays harbor, laden for Portland. The Alpha has made the round trip in about fifteen days, and Capt. Starr expresses himself very well satisfied with the venture. He says he found the harbor much better than he expected to find it, and feels confident that a lively traffic can be awakened in that direction by a little effort. He thinks that Com. Merriman should be applied to for buoys for that place, which are much needed. THE ASTORIAN has often referred to the resources and country tributary to Grays harbor. Capt. Starr endorses our conclusions, and agrees that with proper effort that country would soon become an important factor in the commerce of the Columbia river.

—The boss knight of the shining Sheffield blade and a first-class hair cutter, can be found at the Parker House. Prices, 25 cents each for hair cutting, shaving, dyeing, shampooing, and bath.

—Persons wishing to prepare for fishing on the Sound, or for small fish will find a quantity of suitable twine at J. H. D. Gray's. It is just the thing for trout and herring nets.

AROUND THE CITY.

—A full assortment of counter and grocers scales can be found at M. C. Crosby's, at bottom prices.

—Magnus C. Crosby is sole agent for the Medallion Range in the Astoria market, which is unquestionably the best range on the Pacific slope. Call and examine.

—The N. G. of Beaver Lodge No. 35, I. O. O. F. instructs us, by order of the Lodge, to keep it before members that next Lodge night election of officers will take place, June 5th, and a full attendance is required.

—Judging from the number of Chromos being carried around town—the Dollar Store is doing a good business.

—J. S. Mayer has opened Rudolph Barths beer hall near the Fishermen's cannery. Call in when you are passing and refresh yourself with the best in the market.

—The "California Dollar Store" still continues the chief attraction of the town, and "lucky ones" carry away their finest chromos at One Dollar each, their plated ware and cutlery is of the finest quality—take a walk around and try your luck.

—Mr. G. Hansen watchmaker and jeweler of long experience, has permanently established himself in business in Canfield's drug store, Chenamus street, Astoria. Watches and Jewelry cleaned and repaired. Gems re-set. Engraving a specialty. All work guaranteed. Give him a trial and be your own judge of his workmanship. He will soon add to his stock a well selected invoice of Watches, Jewelry, Silver and plated ware, which he will be able to sell at very low prices.

—Ice cream, and fresh fruits of all kinds at Schmeers, opposite the bell tower. Also fresh oysters, in every style.

—Fishermen can get a square meal at any time, at Pike's restaurant, Unity, for fish. References: Fishermen who have eaten there.

—A new lot of full bound blank, and receipt books, specially for use in canneries, at the City Book store.

—There is no use talking Max Wagner of the Great Eastern saloon is the only man to please his customers well. He keeps the finest San Francisco beer in the city, it sparkles like champagne.

—Fresh fruits and vegetables at Bailey's.

—Rooms to let, by the day, week, or month, at Mrs. W. H. Twilight's.

—Oysters served in every style at the Walla Walla Restaurant.

—Now that building is reviving in Astoria, bear in mind the fact that Peter Runey is well supplied with all kinds of building materials which he is prepared to dispose of to all at very lowest rates.

—When you are looking for a place to amuse yourself, drop in at Max Wagner's, Great Eastern saloon, and listen to the organ and take a glass of his fine San Francisco beer.

—Get your baskets filled for a little money at Bailey's.

—White Darling potatoes at Bergman & Berry's.

—Now is the time for cleaning up our houses, and ornamenting them. For this purpose you can find nothing that will add to the appearance of your parlors so much as a pair of those beautiful chromos at the City Book store, sold for nearly one-half the usual cost of such pictures. Call and see for yourselves.

—P. J. Goodman, on Main street, has just received the latest and most fashionable style of gent and ladies boots, shoes, etc.

—M. C. Crosby is prepared to do all kinds of jobbing in the plumbing and steam fitting line; also, bath tubs, and water backs for stoves and ranges furnished on shortest notice.

—The proprietor of the Chicago house, whom everybody knows as a popular caterer, has fixed his hotel up in splendid style. It is all newly painted and furnished, and is one of the most attractive places on Main street. Call around; every luxury of the season at the Chicago house.

—Mr. J. Stewart, stone and marble cutter of Astoria will guarantee satisfaction to all ordering work of him, and will do a better job for less money than any outside workman. His work in the cemetery here should be sufficient recommendation. Before you let your contracts for work of this kind it would be well to call upon Mr. Stewart.
