-Real estate in Astoria has an upward look the past few days.

-The British bark Sylhet, from this port, arrived at Queestown on the 18th.

-Muddy water from the Columbia river extends to sea for a distance of over twenty miles.

-One of the delicacies of the season is Smoked Smelt for sale at the Central market of Mr. John Rogers.

-The only item of marine news yesterday was the departure of the Rothesay Bay, wheat laden for Europe.

-The American ship Kate Davenport, loaded with railroad iron, sailed from New York for Portland, Oregon, on the 11th.

-County taxes must be paid before the first of February to save costs. Sheriff Twemby has your account. Walk up and settle it.

-The Welch-hill water company have within a few days put water into the Custom-house, Masonic hall building, White house store and offices up stairs, and THE ASTORIAN building.

-A gold pin (fastened to a bobbinette tie), black enameled, with a raised piece of gold upon it, was lost on Thursday morning, in Astoria. The finder will be suitably rewarded on leaving the same at this office.

-A gold locket with Mrs. E. C. Holden's picture in it, was lost on Wednesday, on the roadway between Astoria and Hawthorn's cannery. The finder will be suitably rewarded on leaving the same at this office.

-Tillamook rock light will be shown as per notice recently published, February 1st. The fog siren arrived in Portland from New York last week, and is now being put together at Smith Bros. for the purpose of thoroughly testing it. This done, the siren will be taken by the Shubrick to the rock, and permanently erected.

-Senator Slater has placed us under obligations for valuable documents added to THE ASTORIAN library, included among which are the annual statements of the chief of the bureau of statistics on commerce and navigation for the year ended June 30th, 1879, our Foreign Commerce for 1878, and the annual report for the year ended June 30th 1878. All important matters for reference.

-The music for the Olympic club S. E. S., next Friday evening at Liberty hall, will be such as Astoria never had the delight of listening to before at a public party. It will be furnished by Prof. J. H. Ross and a full quadrille band from Portland. The Lancers, and other dances from the popular Operas: Pinatore, Chimes of Normandy, Grand Duchess, etc., etc., will be introduced. The Olympic club is now a live and permanent organization in our city, and intend to make this the grandest affair that Astoria has ever enjoyed.

-Captain Hooper of the revenue cutter Thomas Corwin, who made an unsuccessful effort last year to discover the whereabouts of the Jonnette, expects shortly to be dispatched in the same direction on a second expedition. The Corwin has undergone a thorough overhauling and repairing, when it was found that her coppers had been considerably damaged, and that a portion of her shoe was gone. She is at present lying at anchor in San Francisco bay. Captain Hooper has as yet received no orders from Washington about making a second cruise, but has his information from private sources.

Death from Exposure

Mr. Samuel Walker of Grays river settlement, informs us by letter of the death of A. B. Soule from exposure on the beach of Grays bay, on or about the 9th or 10th inst. Soule was better known as the Old Trapper. He had been missing a few days before any apprehensions were felt for his safety. He lived on Seal river, a tributary of Grays river, at Mr. J. R. McClarkens place. He left his house for the purpose of selling some furs, on Sunday, the 9th. After disposing of them to a peddling boat, he laid in a supply of bad whiskey which, together with the cold weather, sealed his fate. After a few days Mr. McClark became uneasy about him and went to search for him. On Sunday, the 16th, McClark in company with Peter Neilson and John Callahan, found him lying in his skiff on the beach, having been dead five or six days. A coroners jury was summoned to hold an inquest, and they returned a verdict of death from exposure to cold. The body was decently buried on the high land adjoining the bay. Mr. Walker hopes that the fate of this old man will be a warning to dealers of pizen whiskey, but it won't; any more than to those who use it.

-Mayor Thompson, of Portland, advocates large and continued appropriations for the benefit of Portland by digging a ship canal to that place from Astoria. President Hayes in his annual message to congress at the beginning of the present session specially recommended the improvement of the Columbia river bar.

-The Occidental and Oriental steamship company have announced that it will heretofore issue excursion tickets to Japan and return from San Francisco at the rate of \$350 for the round trip. These tickets will be good for three months from the date of issue, and will be honored by the Pacific Mail steamship company on the return trip, providing the holder desires to travel by that line.

-The Oregonian yesterday says: Communication between this city and all points south on the Oregon and California railroad is still interrupted, and breaks will not be repaired before Friday or Saturday evening. The water recedes so slowly that quick work is out of the question. The locks at Oregon city are still impassable, but will likely be open to-morrow morning when navigation will be resumed.

A Louisiana plaster expresses the fear that more colored laborers will leave that state than ever before. It is estimated that a fourth of the souths cotton crop in 1880 has been lost, largely through lack of labor to gather it promptly. The exodus is a bad thing for the southern whites. They ought to be able to see that it is to their interest to treat the colored men so well that they will be satisfied to remain and do the work they have so much capacity for.

-A bound volume of Ayer's Almanac for 1881, just received from Lowell, Mass., makes us wish we were acquainted with several languages in addition to the four or five in which we are known to excel. We find here specimens of fourteen different languages, the jaw-breaking Bohemian being the latest addition, and the whole forming a very curious and unique production in the way of advertising. In the British Indian Almanac of Dr. Ayer, which is one of several English editions of the little yellow-covered manual, the calculations of the surprising and setting, of the moon's phases, etc., are adapted to the local time of various parts of India, and the events mentioned, evidently collated with care, are nearly all East Indian or British history. The preparation of the various editions of the Almanac, all similarly adapted to special countries or localities, and the publication of these Almanacs to the number of ten or more millions per annum, must involve immense labor and expense; and the fact that these are all issued for gratuitous distribution is an illustration of the enterprise of the great patent medicine men.

-Buy THE WEEKLY ASTORIAN in post-paid wrapper for ten cents, and send it to some friend in the east. It is better than a letter.

-Magnus C. Crosby has a first-class workman, and is prepared to do all kinds of jobbing in tin, sheet iron and copper, plumbing and steam fitting. Full satisfaction guaranteed or money refunded.

-Cannerymen would gain much by leaving us their orders for incidental printing now to be done leisurely during the winter months—saving time and money, and avoiding the risks of a spring rush of work.

The Peruvian syrup has cured thousands who were suffering from dyspepsia, debility, liver complaint, boils, humors, female complaints, etc. Pamphlets free to any address. Seth W. Fowler & Sons, Boston.

Care of Lamps.

Prof. Wilder.
Buy the best oil. The lower priced varieties are apt to be more volatile and explosive. Have your glass lamps securely hung. Select those in which the end of the burner is elevated above the body of the lamp. Lamps to be carried should be of metal, have handles, and be of some "safety" pattern. Fill the lamps by daylight, and never while lighted. If obliged to fill them at night, have the light at least a yard off, and never in a current of air. Lamps should be filled daily, and never lighted when partly empty. Never carry a glass lamp lighted. A lamp with the wick turned far down is more liable to explode. Keep the can in a safe place. Never pour oil on the fire. If burning oil gets on the floor, smother with woollen blanket, rug, carpet or clothing. If the clothing takes fire, wrap a blanket, or a rug about the person, and roll upon the floor.

Dr. J. L. York will speak Friday, Saturday and Sunday evenings, January 21st, 22d and 23d, at Liberty hall.
