Advertisements inserted by the year at the rate of \$1.50 per square per month.
Transient advertising, by the day or week, fifty cents per square for each insertion.

The Weekly Astorian

Is a mammoth sheet, exactly double the size of the Daily. It is just the paper for the fire-side, containing in addition to all the current news, choice miscellany, agricultural matter, market reports, etc. It is furnished to single subscribers at \$2.00 per year in advance.
A limited number of small advertisements inserted at established rates.

THE CITY.

THE DAILY ASTORIAN will be sent by mail at 75 cents a month, free of postage. Subscribers who contemplate absence from the city can have THE ASTORIAN follow them, DAILY or WEEKLY editions to any post-office, without additional expense. Advertisers may be changed as often as desired. Leave orders at the counting room.

Collection day.

Prof. L. J. Powell returned home yesterday morning.

The funeral of the late Mrs. John Riley took place on Sunday and was largely attended.

The Olympic gymnasium affords good amusement for the young men of Astoria, and is a credit to the city.

The Archer, after discharging sufficient ballast to proceed up river, left on Sunday in tow of the Ocklahama.

Mr. Joseph Hume is having constructed at San Francisco twenty-five first-class boats for his Astoria cannery.

Mr. J. W. Hume is expected to arrive home from his trip to the eastern states and England by the next steamer.

The tides were so high at Swan island, that with little assistance the Shubrick came off Swan island. She arrived at Astoria yesterday.

The barkentine Webfoot was towed down to Knappton on Sunday by the Ocklahama, where she will load with lumber for San Francisco.

The teachers institute concluded a successful session at Astoria on Saturday evening. The balance of the proceedings appear in another column to-day.

Mr. A. McKenzie is busily engaged repairing boats at Geo. W. Humes cannery. The boats are being made considerably higher, and thoroughly overhauled for the season of 1881.

The bark Dorenbey arrived down Sunday evening in tow of the Alice, Capt. Pease piloting. She is docked at the Oregon Railway and Navigation company's wharf where she will receive balance of cargo.

The steamer Edith is now in readiness for active service, having been thoroughly overhauled by Mr. John Fox. She made a trial trip down the bay on Saturday and was found to work creditably to Mr. Fox. She was repaired by Messrs. Pike & Steckton, thus giving her an admirable appearance.

The United States light-house tender Shubrick arrived here yesterday, having been safely flooded off on Saturday. The vessel sustained no injury and is in good condition to continue in her course of usefulness for many years to come.

The past two days have been very cold and from indications it was feared that the ice in the river would again form so as to suspend navigation, but before four o'clock yesterday afternoon a steady rain was falling which continued all night.

The siren has at last been safely landed at Tillamook rock. After a delay of several days, in consequence of the weather, the Geo. Harley left Sunday morning, accompanied by the Mary Taylor, and succeeded in successfully landing the siren on the rock. The Mary Taylor returned Sunday evening. The Harley returned yesterday morning. The weather was very favorable.

Last Friday evening was the roughest day that has been experienced at the mouth of the river this winter. The steamer Gen. Canby parted her lines, carried away her masting and guard while laying at fort Stevens wharf, and in crossing over to fort Canby her decks were covered with water to the top of the bulwarks the entire distance. It was impossible to land at Ilwaco.

The Teachers Institute.

The closing exercises of the teachers institute were held in the Congregational church Saturday evening. The church was well filled, and the program, as published in THE ASTORIAN, was carried out with success and to the satisfaction of all. The Presbyterian church choir and the Young Mens Western band furnished music, which it is needless to say was excellent and added greatly to the enjoyment of the occasion. The lecture of Professor Powell was listened to with marked attention, and was a strong argument in favor of keeping our public schools up to the highest standard of excellence and contained many practical suggestions upon the subject. Want of space forbids one dwelling upon each particular feature of the entertainment, but it was all good. This institute, which is the first that has been held in this county for a number of years, has been well attended and there is no doubt the results will be greatly beneficial to the teachers and through them to our public schools. They should be held as often as once a year at least.

Eggs have fallen to 25 cents in Portland.

See card of E. C. Holden in another column.

The brig Hazard sailed from San Francisco for Kahului on the 28th inst.

School directors at Seattle talk of putting up a school-house that can accommodate 400 or 500 scholars.

Mr. Albert Raleigh and Miss Hattie La Rosque were married at Portland on Thursday morning last.

The present cold weather is rough on the telegraph and telephone wires throughout the interior. In a great many places the wires have been prostrated by the weight of ice and snow covering them.

Application has been made to Governor Newell, of Washington territory, signed by upwards of several hundred persons, asking for the pardon of young Lord, which he declined. It is doubtful whether the application will have any effect or not.

The Young Mens Western band is now rehearsing selections to give a concert of which due notice will be given. They will be assisted by the leading talent of Astoria. The programme will consist of vocal and instrumental music, recitations, reading, dialogues, etc.

There is some anxiety felt over the non-arrival of the bark Lizzie Ireland, now overdue at this port. She arrived at this port one year ago, and is on her return trip here to load with wheat. The vessel left Liverpool August 13th, and was to come here by way of Honolulu and Victoria.

Several persons who have been in the habit of towing logs through the gharnes to the beach for the purpose of making cordwood have exhibited considerable carelessness in properly securing them. During the high tides the past few days several have drifted off and caused considerable damage to buildings.

The North American Review for February is the literary phenomenon of the month. First we have an earnest and patriotic article by General Grant, advocating the Nicaragua canal project. The genial Autocrat of the Breakfast Table, Oliver Wendell Holmes, follows with an essay entitled The Pulpit and the Pew, written in the best spirit of the christian philosopher, in which he endeavors to show the need that he believes to exist for a revision of the prevalent theological creeds. Under the quaint title of Aaron's Rod in Politics, Judge A. W. Tourgee emphasizes the obligation, imposed upon the republican party by the Chicago platform, of making provision for educating illiterate voters. James Freeman Clark makes a valuable contribution to the discussion of the authorship of Shakespeare's plays. The grave evils that may result from the partisan character of the United States Supreme court are pointed out by Senator John T. Morgan. The sixth of Mr. Charney's papers on the Ruins of Central America is devoted to a description of the Pyramids of Comalcalco which must rank among the most stupendous monuments ever erected by man. Finally, Walt Whitman writes of The Poetry of the Future. The Review is sold by book-sellers generally.

An excellent variety of valentines, entirely new, at Adlers book store.

Salmon bellies, at retail, at Warren & Eaton's.

Come and see those beautiful chrome, already named, at fifteen cents each. Five hundred different objects will be offered on the arrival of the Columbia, at Warren & Eaton's.

Save money by buying your school books at Adlers.

A gold watch with Mr. E. C. Holdens picture on it, was lost on Wednesday, on the roadway between Astoria and Hanford cannery. The finder will be suitably rewarded on leaving the same at this office.

James Montieth.

Mr. James Montieth may be called the most industrious, as well as most practically successful American geographer. His school geographies are widely used, and his time is wholly given to active investigation in geographical science, and in keeping his series of school geographies and wall maps up with political changes, the results of exploration and growth of national life. His library is abundantly stocked with books, globes and latest reports and correspondence relating to his profession. He is on the alert for improvements in the study of geography, and has just finished one which will be a great novelty and very attractive to the children. It relates to the habitation and comparative sizes of animals, birds and reptiles, and is called Zoo-Geography. This new feature may be seen in Montieth's New Elementary Geography.

The telegraph wires south of Portland are in a bad condition and in many places down, thus causing considerable delay in dispatches.

The steam launch Magnet was successfully launched foot of Lafayette street yesterday. She has received new machinery, and has been made complete in every part, and is now one of the finest steam yachts on the bay.

Geo. W. Hume's steam saw mills are temporarily closed down in consequence of an accident to the machinery. The spokes in the mammoth balance wheel were found to be loose on Friday last, causing the wheel to be shipped to Portland for repairs.

A new twenty foot lathe has just been placed in position at the machine shop of Messrs. Arndt & Ferchen, who are crowded to their utmost capacity with work. We learn it is the intention of the firm to build a new shop 40x75 feet on the property lately purchased by them at the foot of Lafayette street.

Piano Tuning.

Mr. A. L. Francis, dealer in pianos and organs and professional tuner and repairer, will be in the city a few days. Those wishing to have the best profitable terms will do well to give him a call. He will recommend nothing but first-class instruments. Orders may be left at the post-office or Mrs. Munson's.

Look out for new novelties—a large stock of goods when Adler returns.

Ladies Attention.

A beautiful assortment of coral, jet, and steel jewelry, now all the fashion, will be opened at Adlers in a few days. Also a large stock of other new goods.

Something New and Choice.

Have you already tasted the delicious smoked sardines, excellently adapted for luncheon or supper? If not, try them at once. Ask your grocer for them; they are put up expressly for family use.

A fine lot of blank books, stationery, and other goods used in canneries, at San Francisco prices, at Adlers book store, directly from the manufacturers.

Ballets, Gaff and Copper Handles.

Cannerymens work will be done in good style by Henry Gallon, Astoria, Oregon. If you will give him your orders now he can be doing the work in dull times, making it advantageous to all parties.

To Let.

Several furnished or unfurnished rooms at Mrs. Munson's lodging house. Also, a few persons can have board if required, either ladies or gentlemen.

Always Ahead.

Foster has just received an electric cigar lighter. Call in and see it.

J. W. Munson

Is getting impatient waiting for some of those promises to pay balances due on account of steamer Magnet. He don't want to make costs, but is liable to do so.

Republican City, Neb. March 31, 1880. I tried your Kendall's Spavin Cure and it had the desired effect. It cured the spavin, which other treatments failed to do. I did not use quite one bottle of your liniment. After the spavin was removed I drove the horse and his mate over 500 miles, from Lima county, Iowa, to Harlin county, Nebraska, with a load of 2,000 pounds, and made the trip in four weeks. Please send me your Treatise on the Horse. Price 25 cents. Yours truly, James Yehene.

Save money by buying your school books at Adlers.

A gold watch with Mr. E. C. Holdens picture on it, was lost on Wednesday, on the roadway between Astoria and Hanford cannery. The finder will be suitably rewarded on leaving the same at this office.

If your horse has a spavin use Kendall's Spavin Cure. See their advertisement.

Fresh leaf lard at Warren and Eaton's.

AROUND THE CITY.

A full assortment of counter and grocers scales can be found at M. C. Crosby's, at bottom prices.

P. J. Goodman, on Main street, has just received the latest and most fashionable style of gent and ladies boots, shoes, etc.

For a first-class byster stew, fry, pan-roast or fancy roast, go to Roseco's, on Main street, opposite N. Loeb's. Families supplied by the hundred or the sack, opened or in the shell.

Mr. J. Stewart, stone and marble cutter of Astoria will guarantee satisfaction to all ordering work of him, and will do a better job for less money than any outside workman. His work in the cemetery here should be sufficient recommendation. Before you let your contracts for work of this kind it would be well to call upon Mr. Stewart.

A Cargo

Of choice woolen goods has just arrived at J. H. Gray's.

Tin Plate, Pig Tin, Etc.

Geo. W. Hume keeps constantly on hand, and to arrive a full line of fish-cans and canner supplies, at prices which defy competition. Parties wishing groceries and those intending to run mess houses should inspect goods and obtain large discount from regular price.

Syphon Study Lamp.

Hon. L. W. Case, of Astoria, in placing the new Syphon study lamp on the market, would call the attention of the trade to some of its merits. Its illuminating qualities are not equalled by any study lamp in use. It gives a steady, brilliant light; is free from unpleasant odor; does not drip either when burning or not burning; easily lighted and trimmed, and is without exception, the most convenient lamp to fill ever made. Directions accompanying each lamp. Call upon Mr. Case and buy one. He sells them at remarkable low rates.

Fresh snail at Warren & Eaton's.

P. Wilhelm, Box saloon, opposite the Clarendon hotel, Portland, Oregon.

For the best Beer in Astoria, call for the Columbia Brewery Beer, acknowledged to be superior to all others.

If you want a good big oyster stew in style, call around to Tom Smiths, next door to P. H. Fox, Main street Astoria, Oregon. Open at all hours.

Adler is selling school books very low.

Since the Chinese started to brew "cheap San Francisco beer" there is little or no demand for that article any more. Call for the Columbia brewery beer, if you want something good.

A nice lot of eastern oysters at Roseco's, arrived yesterday by steamer Columbia. Call around. You will find them first class.

When you want a dish of nice Eastern Oysters done up a la mode, or a good steak, or a fragrant cup of coffee, call at Frank Fabres on the roadway, and he will accommodate you. Open at all hours.

During the absence of Mr. Carl Adler from the city, Mr. Chas. Moffett will have the entire management of his business, and he will commence at once by reducing prices of everything suitable to dull times. Everybody can be assured of being treated well, and furthermore will find out by careful examination of goods and prices that Adlers store is the place to do your buying. You can always find what you ask for in large variety.
