ASTORIA, OREGON. FRIDAY, JULY 22, 1881

Astoria Lodge No. 40, I. O. G. T. Regular Meeting every Tuesday Evening at 7 1/2 o'clock...

Temple Lodge, No. 7, A. F. A. M. Regular Communications first and third Saturday in each month...

Common Council. Regular meetings second and fourth Tuesday evening of each month...

Persons desiring to have matters acted upon by the Council, should present them to the Auditor and Clerk on or before the Friday evening prior to the Tuesday on which the Council holds its regular meeting...

A good advertiser particularly puts his show-ads into the newspaper. Most people take a look at the advertisements...

It costs less to print advertisements than to send out salesmen. A good advertisement is seen and read by more people in one day than most salesmen call on in a year...

An advertisement tells its own story. It makes no mistakes, as a solicitor might do, and states exactly what the merchant wants to say, neither more nor less. Advertisements are honest and faithful servants...

"Do logs pay?" asks an agricultural correspondent. We know of a paper that for a few years past has advertised to induce people to buy them and read them. It is a good paper for those who are interested in agriculture...

"Goods speak for themselves." It is only after they are bought that they can do so. An object in advertising is to induce people to buy them and read them. It is a good paper for those who are interested in agriculture...

Some men can see things only retrospectively. Instead of looking forward to what they might do, they only look back to what they might have done. They learn from experience, after it has become a little late in the day...
