Wedding Reception.

A most brilliant reception took
place Monday evening in the parlors
of Astoria Engine Co. No. 1. The
occasion being a wedding reception
tendered to the foreman of the com-
pany, Mr. B. F. Stevens and his bride,
by the members. The bridal party
entered the parlor at precisely nine
o'clock, while the wedding march was
played upon the organ by the Misses
Wilson. Immediately after the
march Ex-Mayor D. C. Ireland, on
behalf of the company, introduced the
bride couple in a few happy remarks,
and at the same time presented them
with an elegant time piece which the
company had purchased as a testimo-
nial of their respect for their foreman
and an evidence of their esteem for
him and his bride. The presentation
was a complete surprise. After this
the crowd which filled the hall paid
their respects to the bride and groom
and the occasion was interspersed by
music by the Young Mens Western
Band, D. A. McIntosh leader. Instru-
mental music by the Misses Wilson
on the organ, during which time re-
freshments were served and a general
good time enjoyed in social converse
including from Hon. J. F. Caples
one of his best and most happy
speeches reflecting credit upon As-
toria, upon the Fire Department, and
especially upon the young ladies and
gentlemen of this city by the sea,
predicting many happy alliances be-
fore the close of 1882 as a sequence of
this most auspicious occasion. The man-
agement of this reception are specially
deserving of praise, as it is a further
evidence of the fact that they are al-
ways certain of good results from
their combined efforts, and to Messrs.
Joe G. Charters, L. E. Seig, Mrs.
Charters and others, the company re-
spectfully beg us to return special
thanks. The event will become an
historical incident in the Fire De-
partment of Astoria.

Sheridan. To-Morrow.

To-morrow night Sheridan will ap-
pear at Liberty hall in the play of
"Our Boarding House," supported by

satisfaction to theater goers wherever
it has appeared. The box sheet is

served seats may be procured.

principal, will reopen Jan. 9th, 1882.
The select nature of this school makes
it deservedly popular with parents.

Sunday was a day of rest and
Monday being, by general consent, a
holiday, business of all kinds was sus-
pended, and the exceeding beauty of
the day brought out throngs of New
Year callers, who made due observ-
ance of that pleasant custom.

Chas. Stevens and Son have a stock
of moules and moules tools which
can be bought cheap for cash to close
out that branch of the business.

The last number of the San Jose

The Yaquina, which sailed for
Yaquina Bay last Thursday, came in

try it again.

Literary Notes From the Century Company.

The January Century, a large edi-
tion of which is on the press, will be
delayed this month until the 23d.
One of its novel features is to be a
frontispiece printed in tint, a por-
trait of Ex-President Thiers, accom-
panying an article by the Hon. Elihu
B. Washburn, our former Minister to
France. A full-page portrait of
Queen Margaret of Italy is given in
connection with an article on the
making of Burano lace, for which the
Princess Louise of England has made
a sketch. The number has also an-
other portrait of President Garfield
(from an artotype by Edward Bierstadt,
N. Y.) which will accompany an an-
ecdotal page by Colonel A. F.
Rockwell, entitled "From Mentor to
Elberon." The immediate friends of
the late President regard this por-
trait as giving a somewhat different
phase of the late President's charac-
ter from that presented by the engrav-
ing by Cole in the December Century,
as revealing his affectionate qualities,
while the latter was especially strong
on the intellectual side of his nature.
The artotype is also interesting as
being the portrait Mrs. Garfield se-
lected to send to Queen Victoria.
The sale of the November and De-
cember Century still continues. A
new edition of nine thousand of the
latter number has just been issued.

Children's Masquerade.

An occurrence long to be remem-
bered by the little folks of Astoria

A grand New Years dance was
given on Monday evening at the new
cannery of the Union Packing com-
pany. The second floor of the build-
ing was used, making a dancing hall
40x150 feet. Twenty sets were on
the floor at a time, while enough for
thirty more were seated.

Hereafter no skating will be observed
