

The Daily Astorian. ASTORIA, OREGON. TUESDAY, JAN. 17, 1882. J. F. HALLORAN, Editor.

Changes in Population.

The table of population as finally corrected by the census bureau, shows a population of 50,155,783, an increase in ten years, of 11,597,412, equal to a gain of thirty per cent. The white population is 43,402,970, the negroes number 6,580,793, the Chinese, 105,465, and 66,407 are Indians.

BREWSTER, the new Attorney-General, has some good ideas. In a late address he said: "The highest public distinctions in this country have no attraction for right-minded men unless they are the unsought reward of personal worth, dignity and character, mental ability and a blameless life."

THE National Tariff convention will meet in Washington to-morrow. UNCLE SAM pays his naval officers \$3,900,000 yearly. The seamen get \$2,400,000.

NEW YORK state has finished its new public buildings in Albany at a cost of \$12,000,000. R. B. HAYES has refused, on the plea of poverty, to contribute to the Garfield monument fund.

RAILROAD managers should be able to preach a good sermon from the text "Blessed be the tie that binds." THERE is a Connecticut minister whose salary is twenty-five dollars a year and half of all the fish he catches.

A DETACHMENT of United States infantry still guards the vault where Garfield's remains lie in Cleveland. SOME cynic says that Beecher's theology is made up of free trade and the pleasanter elements of Christianity.

ARIZONA has citizens in the camel trade who ship dromedaries or Bactrians of purest breed to Eastern menageries.

NEW TO-DAY. FERRY & CO. SEED ANNUAL FOR 1882. We make a specialty of supplying the best seeds for all purposes, and to be had without fail.

\$500 Reward. We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, indigestion, Constipation or Constiveness we cannot cure with West's Vegetable Liver Pills, when the directions are strictly complied with.

Health is Wealth. DR. E. C. WEST'S Nerve and Brain Treatment: a specific for Hysteria, Dizziness, Convulsions, Nervous Headache, Mental Depression, Loss of Memory, Spermatorrhea, Impotency, Involuntary Emission, Premature Old Age, caused by over-exertion, self-abuse, or over-indulgence, which leads to misery, decay and death.

have tended to make immigration from Europe heavy may not be so potent in this decade as in the last it is certain that the old countries will continue to distribute over all sections of this country a strong contingent of their citizen, which will tend to complicate rather than to solve the problems which we are continually encountering, and the entire country bids fair to grow in population and wealth with as great rapidity as is consistent with our even and well-balanced mental and moral development.

THE SUN. NEW YORK, 1882.

THE SUN for 1882 will make its fifteenth annual revolution under the present management, shining, as always, for all, big and little, mean and gracious, contented and unhappy.

By a liberal use of the means which an abundant prosperity affords, we shall make it better than ever before. It is our policy to report in a fresh, succinct, unobtrusive way all the news of the world, containing no element of human interest, and commenting upon affairs with the fearlessness of absolute independence.

THE SUN of 1882 was a newspaper of a new kind. It discarded many of the forms, and a multitude of the superfluous words and phrases of ancient journalism. It undertook to report in a fresh, succinct, unobtrusive way all the news of the world, containing no element of human interest, and commenting upon affairs with the fearlessness of absolute independence.

THE SUN of 1882 will be the same outspoken, instructive, and interesting newspaper. By a liberal use of the means which an abundant prosperity affords, we shall make it better than ever before.

THE WEEKLY SUN gathers into eight pages the best matter of the seven daily issues. An Agricultural Department of unequalled merit, full market reports, and a liberal proportion of literary, scientific, and domestic intelligence complete THE WEEKLY SUN, and make it the best newspaper for the farmer's household that was ever printed.

Who does not know and read and like THE SUNDAY SUN, each number of which is a Golconda of interesting literature, with the best poetry of the day, prose, every line worth reading, news, humor—matter enough to fill a good-sized book, and infinitely more varied and entertaining than any book, big or small.

If our idea of what a newspaper should be pleases you, send for THE SUN. For the daily SUN, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 25 cents a month, or \$6.20 a year, or \$1.00 a week, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents per month, or \$7.70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at \$1.20 a year postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free.
