—Twenty-four vessels in port yesterday.

The four bar tugs were employed at one time yesterday towing vessels in.

—Another milk wagon took a lively spin yesterday morning, getting badly smashed up.

—Embroidered mustard plasters are the correct wriggle now in æsthetic medication.

—We are indebted to Mr. Ed. Taylor for courtesies in the matter of shipping statistics, etc.

—Services in the Methodist Episcopal Church to-day, at the usual hours. Sunday school at noon.

The Fleetwood yesterday brought the funeral of Mr. Bouser from Souvies Island to Columbia City.

—Large quantities of twine are received on every up steamer. It is quoted now at $1.15 per pound.

—Bradley, Sullivan and Mahone pleaded "not guilty" in the state circuit court at Portland last Friday.

—Capt. Samuel T. Cushing gives notice that proposals will be received at Vancouver for commissary supplies.

—Annie Murray shot and instantly killed Henry Prang, and then shot herself, at Portland, last Friday afternoon.

—This is the feast of Purim, on which the Hebrews commemorate their deliverance, as noted in the book of Esther.

—The Selene is ready for Queenstown. She has 54,131 bushels of wheat aboard, said cereal aggregate being worth $53,581.

—The West Shore for February is on our table, replete with information of a practical nature respecting our State and its resources.

—There will be divine service on board the Argosy lying at the dock by Kinney's cannery at 4 P. M. to-day, Rev. J. McCormac officiating.

—There is a meeting called of the legal voters of school district number eighteen at the school house to-morrow evening at half past seven.

—Bishop Morris will officiate in Grace church at morning and evening service to-day. At the morning service communion will be administered.

—A South American plant has been found that cures bashfulness. It should be promptly tried on the man who leaves the hotel by the back window because he is too diffident to say good-by to the cashier and clerk.

—Yesterday the types made us say that Astoria's shipments for '81 aggregated $2,813,639. It should have been $3,013,639. The proof reader was promptly shot upon discovering the error; he will be buried from the overtakers at sunset.

—One of the greatest events in the history of free masonry will take place in San Francisco on August 21st of next year, when the Triennial Conclave of Knights Templar composed of the Grand Commanderies of all the states in the Union will meet there.

—Meetings were held in California and Nevada yesterday to favorably influence national legislation in reference to the passage of the Chinese bill now before the the senate. It was thought that like measures would be adopted in this state, but such expectations were not realized.

—The legal voters of school district number one will meet at the school house to-morrow evening to elect a clerk and director and levy a school tax for the ensuing year. This will be a good opportunity to bring up that matter of the schoolhouse and its present sanitary condition.

Railroad to Kalama.

From yesterday's Oregonian we learn that the Northern Pacific link between Portland and Kalama was permanently located last week, and will run as follows: On the Washington Territory side at a point a short distance below the Kalama river, crossing the Columbia river at Coffin rock; thence close to the foot hills back of all sloughs for two miles; thence nearly south on the line between townships five and six, about two miles west of the Columbia river; thence close to the river for three miles; thence southeasterly, crossing the line between townships three and four about one mile west of the river to the head of Willamette slough, passing through Columbia City and one mile west of St. Helens. From the head of Willamette slough it will run close to the foot hills until opposite the center of Swan island, and from there to Portland will follow close to the river bank.

Notice.

There will be a meeting at the Court house at 2:30 P. M., on Monday, March 6th, to consider the proposition of building a road from Smith's Point to Skipanon. A full attendance of all is requested.

C. A. MCGUIRE.
S. D. ADAIR.
W. W. PARKER.
F. J. TAYLOR.
A. C. KINNEY.

Police Court.

March 4, 1882.

T. Bowel, vagrancy; deposit of $10; no appearance; deposit forfeited.

—P. J. Meany received a severe fall on a slippery walk last Thursday, from which he is confined to his bed.

—The British bark, Largo Bay, 1255 tons, Cousin master, arrived in yesterday, Latham pilot, Columbia and Brenham towing. The ship Markland, from Montevideo, is outside with a pilot on board, and an American ship, supposed to be the Mount Washington, is reported in the offing.

—The editor of the Baltimore American, in writing a review of a book of travel written by Geo. Colton, of Philadelphia, says: "The author photographed with accuracy and spirit the scenes and people that he passed through." Our sympathy gushingly goes out to "the people that he passed through."

—Cotton is being raised in Lincoln county, Nevada. Years ago it was the dips, spurs, angles and sinuosities of quartz veins that were most noted there; now and then the boys raising what Bob Ingersoll doesn't believe in. 'Tis much better for the Nevada folks to raise cotton that they may be clothed and in their right minds.

—Hogg, one of the crew of the bark Corsica, has been locked up in the Portland jail for being crazy. It is supposed that he was drugged by shanghaiers, yet his diary, which is full of notes concerning the wreck of the bark, shows that his mind has been greatly troubled over the misfortune of his vessel.

—The meeting at the court house to-morrow evening should be largely attended. Every resident of Astoria is interested in having communication with the various parts of the county. The proposed road to Skipanon would be a public benefit and a means of convenience in marked contrast to the untoward style of getting over in that direction.

—The usual meeting will be held at the Y. M. C. A. room this afternoon at a quarter to three o'clock. Song service from Moody and Sankey's Gospel Hymns. Everybody is cordially invited. At the close of the service members of the association and all others in the continuation of this Sunday afternoon service, will be requested to remain, according to announcement last Sabbath, to consider matters of importance to the welfare and interest of the association.

—Captain and Mrs. Veysey, of the foundered bark Corsica, will return to England overland from San Francisco, leaving here on the next steamer. Their visit to Astoria will doubtless be remembered by them for years to come. That it will be a kindly remembrance we are led to hope from the fact, that their little babe, born on the ill-fated ship while lying in this harbor, is to be baptized in the Presbyterian Church this morning, by the Rev. J. V. Milligan, and the name bestowed is to be Astoria Veysey.

—Mr. Frank Burrows is the boss to throw base-balls. He walked off with a fine clock from the Nigger Baby Show, by knocking down three babies in succession. Come and try your muscle and win a clock or a box of cigars.

—For handsome holiday presents, such as toilet cases, cologne sets, perfumery cases, fine soaps, etc., go to Conn's drug store, opposite Occident Hotel.

New England Sunday One Hundred Years Ago.

The Dayton Christian World gives an interesting description of Sunday keeping in New England a century ago, and deplores the laxity of the present day: "The meeting-house in the country towns were barnlike buildings, with square pews and no fire to warm them during the cold winters. The people thumped their feet and shivered during the long prayers and longer sermons. There was no Sunday school at noon, but a lunch of ginger bread, doughnuts and cheese. After supper all hands sat around the old fireplace and recited the catechism, bginning with what is the chief end of man? The younger ones had their primer, with its pictures, beginning 'In Adam's fall we sinned all.' Everybody was glad when it was time to go to bed; yet the boys and girls who refrained from playing because it was Sunday, and learned the catechism because they had to, though they could see no sense in it, are they who have done great things in the world."

Salmon River Notes.

Salmon River, March 3, 1882.

Salmon River is in Wahkiakum Co., W. T. It is a tributary of the Nasall river, which empties into Shoalwater bay. The land along Salmon river is good soil, and on the highlands there is some of the finest timber in the Territory. There are five families along this river at present, and there is room for a large settlement, and persons seeking homes will find good land to settle upon. There is a good road from Hill's landing, on Deep river, to the centre of section 7, on Salmon river, a distance of two miles.

We have a good school here and money enough in the treasury to pay for an eight months term; so you will see that we do not lack for educational facilities.

The heavy snows in the hills are driving the wild animals into the bottom; wolves are frequently heard in this section. E. B. M.
