The Secretary of the Treasury has published a circular in relation to the enforcement of the anti-Chinese law, to be delivered in customs officers at the various ports, and certificates to be given the Chinese have been prepared by the Secretary of the Treasury and printed to be engraved in a manner that will prevent counterfeiting.

The Rial Uncle Tom's Cabin company arrived on the Columbia yesterday, and will appear in their great dramatization to-night. The One's had their engine out on Chenamus street last evening and gave an exhibition of what she could do, throwing a good stream.

On Saturday, the 20th ult., the cannery of the Ocean Canning company at Bay View was destroyed by fire, together with one thousand cases of tin. Yesterday new machinery was placed in operation, and the work of packing resumed, with but eleven days interruption.

Remember Frank Fabre's ice cream. It is par excellence. What is nicer on a warm day than a dish of that exquisitely flavored ice cream that Frank Fabre makes?

Sacramento vs. Columbia Salmon.

Considerable has been said first and last concerning the practice of some cannerymen on the Sacramento river sending their salmon east with Columbia brands. The St. Louis Grocer in regard to this says: "Our Sharp Uncle Jacob manages to say a good thing occasionally, as is evidenced by the following in his last trade circular: 'We notice a glowing advertisement in a Chicago grocery advertising circular from a San Francisco house (W. T. Coleman & Co., we presume, is the house referred to), enlightening the trade on the wonderful difference between Columbia river and Sacramento river salmon. One is the nice, juicy 'tenderloin, and the other the 'round steak, etc. We suppose the Lord sits out in the Pacific ocean all through the salmon season and heads off all the nice, fat, tenderloin salmon into the Columbia river and all of the spare rib, chock steak, lean-kine salmon into the Sacramento. We fear, however, from the quality of the samples we have sent us of their new Sacramento pack, that some of the good fish have got into the wrong river.'"

Form of Chinese Certificate.

The Secretary of the Treasury has published a circular in relation to the enforcement of the anti-Chinese law, to be delivered in customs officers at the various ports, and certificates to be given the Chinese have been prepared by the Secretary of the Treasury and printed to be engraved in a manner that will prevent counterfeiting.

A Card from Mr. Penton.

The following is explicit and self-explanatory: PORTLAND, May 31. Dear Sir: Permit me to say that I unhesitatingly endorse the resolutions of the Clatsop County Democratic Convention in the matter of the Astoria land grant, and, if elected to Congress, I should favor the immediate forfeiture of this unearned grant of the public domain.

Astoria Verdict.

Henry Villard is building a five hundred thousand dollar house in New York. Jay Gould is having one built that will cost two million dollars. That's the way with those newspaper men; they work hard and then fool their money away on expensive buildings.

"The Natal League of America" is the latest insurance racket out. It naturally follows the Marriage Aid Association. It places a premium at the disposal of happy parents, enabling them to take care of their own children. If a man does not marry now, it must be because no one will have him.

Naturalists tell us that the sturgeon, starfish, prawn, boring wrinkle and gryphon are the deadliest enemies of the oyster. That's all the naturalists know about it. The worst enemy the Shalwater Bay oyster has is the spirituelle woman of 187 pounds, when she declares after the theatre that she cannot eat a single morsel—oh, no indeed, no.
