THE CITY.

THE DAILY ASTORIAN will be sent by mail at 25 cents a month, free of postage.

The Idaho arrived in yesterday.

The first car load of new wheat left Walla Walla for Portland last Saturday.

P. C. Stanup, an intelligent, educated young Indian, delivered the Fourth of July oration at the Puyallup reservation.

The Dakota will leave for the Alaska excursion about next Tuesday or Wednesday.

An interior exchange has an elaborate article entitled "How to Take Care of a Gravel Stone."

A telegram to the Oregonian from Corvallis, says that the new steamer launch Benton went ashore at Yaquina last Wednesday.

Mrs. Nellie Wint died at the hospital last Wednesday night, of consumption.

Westman's Great Eastern circus will exhibit here next Friday evening, and all will have an opportunity to see the clowns, the horses, and the acrobatic feats.

A Salon exchange makes sport of those who pronounce "a" in "Iowa," as it is sounded in the word "day."

Portland bankers object to paying a city license, claiming that it is unconstitutional.

We have been requested to state that that portion of the notice of the late Alfred West, in relation to his being engaged to be married on the 10th inst., was an error on the part of our informant.

Under head of New To-Day, appears an advertisement of the annual stag dance. It is the intention of the managers to make the affair excessively of the masculine persuasion.

Ching Tai, an intelligent Mongolian with a grievance, was yesterday, our source of information for the fact that among his countrymen in this city, the existence of so many gambling dens cleans out all the cash from the players' pockets.

As our interior friends from time to time publish agricultural items with a what-do-you-think-of-that sort of air, we believe it in order to occasionally mention the fact that for size and quality of agricultural products, Clatsop county stands in the front.

Mr. F. Fraiel left on the Columbia for San Francisco. It is his intention to buy a large and carefully selected stock of goods while in the city, and about the first week in August will open a store in Johnson's new building on Squemoque street.

Trouble for Steamboatmen.

Messrs. Ward and Lotan, inspectors of hulls and boilers have received a circular from the department at Washington instructing them to enforce all the provisions of the act regulating the carrying of naphtha, benzene, kerosene, etc., on steamers.

The enforcement of it will cause considerable trouble and expense to steamboatmen as the Dowers mineral sperm oil which is designated as the article to be used, requires a peculiar burner and a change will have to be made in every lamp.

An Other View.

UPPER ASTORIA, July 24, 1882. TO THE EDITOR OF THE ASTORIAN:

As the Portland Board of Trade has taken the fishing interest of the Columbia river so much to heart, and has made a protest against canneries running after the 1st of August, it is well enough to have both sides to this matter.

For the Older Children.

Little Red Riding-hood having made a cake all by her own self, was sent by her proud and happy Mother to carry it to her Grandmother.

Upon her way she was encountered by a Wolf, who representing himself to the credulous Child as the old Lady's Newfoundland Dog, soon won upon her confidence that she disclosed to him the Object of her Mission.

He said the crafty Wolf, "I will run on ahead and pull the Lobbin that the Latch may go up." The silly Child, being touched with Gratitude, accepted his services and gave the Animal a nice big piece of Cake; and the Wolf perishing miserably of indigestion long before he had reached the old Dame's Cottage, Little Red Riding-hood obtained a new Tippet and Muff from his Skin and was enabled to soothe her Grandmother's declining Years with Comforts purchased with the Bounty paid for his Scalp.

MORAL.—This Fable Shows that Cunning Vice should never attempt to Take the Cake from Candid Innocence.

Ladies' Fair.

We direct special attention to the advertisement of the Ladies' Fair, which appears to-day. The enterprise is in aid of a most worthy object, and is in competent hands; the value of such an institution as St. Mary's hospital is inestimable, and the ability of the Sisters to minister to the wants of the afflicted is in direct proportion to the amount of means at their disposal.

Society Item.

The war in Egypt occasioning a corner in gun Arabic, indicates a sudden rise in gun drops.

Among the many wonderful productions of nature and art that we had bestowed upon us yesterday, an egg 7 1/2 inches in circumference, deserves mention. This triumph of galvanic development was the ransorial production of a hen, half-Greek, half-Spanish, the property of Mr. E. C. Holden.

It is a little singular that the law which reaches a white man, if he violate it, is powerless to punish those yellow devils we have among us, and who seem to be on the shoot. If they would muster up courage enough to kill a few of themselves, and be entirely exclusive about it, no one would be exceedingly sorry, but as the matter stands it is an annoyance.

It is not good sense; it is not justice; it is not honesty; it is not accurate; it is not business. What isn't! The action of the Portland agent of the associated press in telegraphing everything that he calls from THE ASTORIAN to the San Francisco papers, and leaving the inference that the occurrences are Portland happenings and statements. We have heard of a man wearing the livery of heaven to serve the devil in; this looks like wearing the livery of the W. U. T. Co., to serve Portland in.

Society Belles.

Are loud in their praise of Florence Cologne on account of its remarkably delicate and lasting fragrance.

Mr. F. Fraiel left on the Columbia for San Francisco. It is his intention to buy a large and carefully selected stock of goods while in the city, and about the first week in August will open a store in Johnson's new building on Squemoque street.

IN SANCTUARY.

While pale with rage the wild surf springs Altwart the harbor bar, The safe ships fold their snowy wings Beneath the evening star.

In this calm haven rocked to sleep All night they swing and sway, Till muffled o'er the morning deep The golden blush of day.
