Hon. M. C. George is expected home about the 25th inst.

Sunday was a glorious day, and every one enjoyed it to the utmost.

Hon. J. H. Mitchell was met at the wharf last Sunday by Geo. Steel, of Portland, and others.

The meeting of the Washington Territory board of pilot commissioners will be held at Ilwaco on the 24th inst.

The new steamship, Queen of the Pacific, is expected at San Luis Obispo, to discharge her cargo of railroad iron, about Saturday next.

To-day is a feast of great importance in the Catholic churches, both Greek and Roman, being the day on which is celebrated the Assumption.

We shall be glad to hear that the projectors of the road to Clatsop are getting their petition in proper shape to place before the coming legislature.

The Ocklaha started up with the Leucadia last Sunday morning, but broke down, and drifted back to the dock. She started again at five in the evening.

The new and commodious steamer Gen. Miles will sail for Tillamook at four o'clock this morning, and will be back this evening. She will leave for Gray's Harbor on the 26th inst.

The wharf that used to be formerly known as the N. P. T. Co.'s wharf, and later Hustler's wharf, will in the future, together with the new wharf, be known as The Main-street Wharf.

The British bark Afton, Gilmore master, seventy-one days from Adelaide, arrived in last Sunday afternoon. The American ship J. W. Marr, from New York, sailed in about the same time.

One hundred dollars is the reward that Wilmerding & Co., will pay for information leading to the conviction of parties refilling Peruvian Bitter bottles. See ad. Loeb & Co., local agents.

Everything was quiet in and about the court house yesterday. The regular glist was on hand, but the mills of justice were not moving. The trouble goes on at one o'clock this afternoon, as usual.

Attention is directed to the advertisement of A. M. Johnson, which appears this morning. Mr. Johnson has just finished his building, and in addition to his sail loft, he opens in the lower story a large and well-selected stock of ship chandlery and groceries.

A letter from Mr. Stechan, who is now in San Francisco, informs us that on next Thursday and Friday evenings the Hattie Moore Comic English Opera company will appear at Liberty hall. The comic operas as presented by this company are the standard attraction in San Francisco, where they have been played to crowded houses. On Thursday evening the opera of "Olivette" is announced.

Saturday afternoon a marriage license was issued from the office of the county clerk, authorizing any minister or duly-qualified official to unite in the bonds of holy matrimony, Mr. T. F. Squires and Miss Nellie Sloan. A similar document was issued to the same parties just seven months ago, the only difference being that the then groom was at liberty, and this time he is in jail for having married the woman to whom he was remarried last Saturday evening. He comes up for sentence to-morrow. Till the case is out of court we defer further comment.

The Fire Department Election

The election of officers of the Astoria Fire Department yesterday, though not hotly contested, by any means, aroused a good deal of interest. The nominees were men who always to manifest the heartiest interest in all matters in the practical workings and prosperity of the department. There were one hundred and four votes cast, of which W. J. Harry received sixty-seven for Chief Engineer; C. H. Stockton received thirty-seven. For First Assistant, F. P. Hicks received an even hundred votes, and for Second Assistant, J. C. Charters got eighty-seven votes.

To-Night's Entertainment

The entertainment at Liberty hall to-night deserves the liberal patronage of our citizens, not alone for the intrinsic merit of the entertainment and the assurance of a pleasant evening, but also, because of the purpose for which the proceeds are to be applied. The first part of the entertainment will be of a literary nature, consisting of vocal and instrumental music, readings, recitations, etc., after which ice cream and other refreshments will be served by the ladies of the Presbyterian church.

The Modern Horse Thief

The Chico Record tells how the crafty second-rate swindle the farmers of Butte county. These farmers frequently have occasion to advertise in the papers about stray stock, and the modus operandi of the sharpers who cheat the unsuspecting agriculturalists is thus described: "The rough watch the papers for stray notices. When one is published, one of them goes and looks at the animal. Of course, on application, the unsuspecting farmer shows the beast, and the fellow decides that it is not his, and then he returns to his partner and describes him minutely. Number two goes to the farmer, and after proving by his thorough description that the animal is his, says he cannot take it away, and offers to sell at a bargain. The farmer buys, and in a few days the rightful owner comes along and claims the animal, and of course the farmer is out just so much."

The Times and Mountaineer, published at The Dalles, have consolidated, and will, hereafter, be issued as the Times-Mountaineer, with Mr. Michel, as editor. It will, doubtless, be successful as "in union is strength."

The annual distribution of the interest arising from the common school fund for the state of Oregon as made by the state board of school land commissioners, at Salem, last Wednesday, aggregates 65,214 school children, an increase in numbers of 3,575 over the returns of last year. Clatsop county is credited with 961 children of school age, and gets \$672.70.

At the close of the services at the M. E. church last Sabbath a series of very complimentary resolutions were passed in reference to Rev. John Parsons, the retiring pastor of the church. During his entire pastorate this gentleman has served with energy and untiring zeal, and the memory of his presence will ever be cherished by his parishioners. He goes to conference next week and will there be given another field of duty.

Carl Adler can furnish the latest news. In unpacking some San Francisco goods yesterday afternoon he came across a bundle of San Francisco Atlas of dates in the summer of 1861. This singular to read these old papers. One of July 20th, 1861, has the "latest news by pony," and contains news of occurrences in St. Louis eleven days before. Another, giving election returns, sums up "Union Democrats," "Breckinridge Democrats," and "Lincoln Men." This like swinging back the pendulum of time a generation, to read the old yellow files that were of such pressing import twenty-one years ago.
