THE CITY.

THE DAILY ASTORIAN will be sent by mail at 75 cents a month, free of postage. Readers who contemplate absence from the city can have THE ASTORIAN follow them. DAILY or WEEKLY editions to any post-office without additional expense. Addresses may be changed as often as desired. Leave orders at the counting room.

Brenhan Van Dusen is on the incoming steamer.

The State is due this morning. She has 129 cabin passengers.

The American ships Astoria, Wilma, and Robt. Dixon are over due at this port.

The Shubrick started out yesterday morning for Neah bay and Cape Flattery, with a load of coal.

"Tis true, 'tis pity; 'tis pity 'tis true." Shakespeare is a good enough model for "English."

E. C. Holden advertises a sale of new and second-hand furniture at his auction rooms at eleven o'clock this morning.

The Norwegian ship Europa, Johannsen master, seventy-four days from Adelaide, arrived in yesterday afternoon.

Mr. J. F. Warren, of Knappa, has 3,500,000 feet of logs, and expects to deliver 4,000,000 to the Knapp mill by October 1st.

Mr. M. G. Royal, for some time in the employ of the O. R. & N. Co., starts on Monday for Ashland, to take charge of a college at that place.

The I. X. L. Packing company has organized and will build on the property below that now occupied by the Pacific Union Packing company.

Reports from all parts of the state are to the effect that the grain yield will be fully up to that of last year; the fruit about one quarter short.

John Setterlund, of Skamokawa, was badly cut in the foot by an ax, while chopping, last Thursday. He was brought to the hospital yesterday afternoon.

Carl Adler advertises that any book used in the Clatsop county public schools can be had at his establishment. He has a large stock of school supplies.

Work on the new buildings of the Washington Packing company is being rapidly prosecuted. The piles are nearly all driven, and the caps and stringers will be put in place next week.

Logs are logs this season. Prices exceed any former year on the Columbia. At Knappa, Cathlamet, and other places, they are held at \$5.50, \$6.00, and \$6.50, with the demand away ahead of the supply.

The singular consignments of climate that the clerk of the weather, in a fit of absent-mindedness boxed up and sent to Astoria in the early part of the week, has been all used up, and now things feel natural again.

The gulls that soar and scream and noisily chatter in the water ferried our office will be a sorely disappointed lot of poultry when they come screeching into winter quarters and find a brick building going up. Poor things.

The September term of the circuit court begins at Portland next Monday with one hundred and seventy-three cases on the docket. This district should be divided: it is altogether too large for one judge to do justice to.

Rev. John Parsons, who for the last three years has been the pastor of the M. E. church at this place, leaves to-day for Eugene city, whither he has been transferred. Mr. Parsons, during his ministrations in this place has endeavored himself to the hearts of his congregation, who view with regret his departure. Mr. W. T. Chapman has been placed in charge here by the conference which met recently at Albany.

Serious Illness of T. W. Eaton.

It is with keen regret that we chronicle the serious illness of T. W. Eaton. Last Saturday he complained of not feeling well, and the following day was not able to leave his room, since which time he has been physically prostrated. He is afflicted with inflammation of the bowels, and though everything that medical skill can devise has been used to alleviate his sufferings it is considered almost hopeless that he can survive. Mr. Eaton is universally known and liked, and the general expression is one of sympathy and regret. Last evening he was somewhat easier, but with no favorable symptoms of a change for the better.

Valuable Discovery.

This week Mr. William Pfunder, while visiting his farm on the Nehalem river, five miles back of St. Helens, discovered along a high bank bordering a creek a very rich and heavy iron ore, of which he has five specimens. A more important discovery was a pigment from which can be manufactured pure venetian red of a superior quality. Mr. Pfunder has named his discovery *Redus Oregonicus*, and is convinced that the best fire-proof paint in the world can be made from it. For painting bridges, roofs and ships he thinks no superior venetian red exists. —*Oregonian*, 1st.

Meteorological Register.

The following is an extract from the meteorological register of Fort Canby, W. T., for the month of August, 1882:

Average temperature, 61.33. Maximum temperature, 89.00, the 30th inst. Minimum temperature, 42.00, during night, from 2d to 3d. Average cloudiness, 4. Number of days on which rain fell, 4. Rainfall, 31 e.c.

—M. A. Stebb, the wounded policeman, was resting comfortably last evening. It was stated in THE ASTORIAN at the time of the trouble that he was a Dane. This is incorrect. Mr. Stebb is a native of Sweden.

Everything is in readiness for a thorough and successful fall and winter session of school, and next Monday, for the first time in many months the school bell will announce to the youths that their troubles have once more begun.

The President came down stream yesterday: she will finish loading with 400 tons of wheat. The City of Sparta started up yesterday morning. The Annie Johnson is ready for sea, and only awaits a crew to sail. The Wolfe will go out to-day.

—Mr. and Mrs. J. G. Megler leave on to-day's outgoing steamer for a four month's trip to the Atlantic coast. This is the pleasantest season of the year for a visit to the eastern states. Mr. and Mrs. M. will spend some time at North Brookfield Massachusetts.

—The Gen. Miles arrived in from Gray's Harbor last evening. The fog and smoke delayed the vessel some thirty-six hours. She leaves for Tillamook at eight o'clock this morning. Among the passengers are Capt. J. D. Merryman, John Hobson, Mrs. C. Leinenweber, and P. Byron and family.

—Capt. Lambie, of the British bark Albany, now loading salmon at Victoria, tried to commit suicide last Wednesday night by cutting his throat. Failing in that he shot himself in the head, and this also proving ineffectual, he again put a bullet in his skull. Both bullets were afterward extracted.

—The smoke still hangs over sea and land. Mr. John Williamson, who returned a day or so ago, says that while going from Hillsboro to Portland he had to travel through burning woods, where the smoke and heat were almost stifling. Loss of property is reported from the interior, and from appearances yesterday it would seem as if big fires were raging in Pacific county.

A Farm For Sale.

A Farm of 125 acres with a government title, a good orchard, and improvements for sale. Terms—part cash, part Astoria city property, the balance in one or two years. Enquire at the real estate and intelligence agency, Main street. DAN KELLEHER, Agt.

For Thirty Days.

For the next thirty days, preparatory to going below for a fresh stock of novelties, I will sell any article in my store at as low a price as it could be bought at retail in San Francisco. CARL ADLER.

—If you want a good suit of clothes, ready made or made to order, call and see McIntosh, Occident block.

—Mr. C. H. Cooper intends to leave about the 15th of this month for San Francisco to be in time for the arrival of the latest Eastern and European importations.

The Measurement of Vessels.

The following is the text of the new law on the measurement of American vessels:

"That from the gross tonnage of every vessel of the United States there shall be deducted the tonnage of the spaces or compartments occupied by or appropriated to the use of the crew of the vessel, but the deduction of crew-space shall not in any case exceed five per centum of the gross tonnage. And in every such vessel propelled by steam or other power requiring engine rooms, there shall also be deducted from the gross tonnage of the vessel the tonnage of the space or spaces actually occupied by or requiring to be enclosed for the proper working of the boiler and machinery, including the shaft-trunk or alley in screw-steamers, with the addition in the case of vessels propelled with paddle-wheels of fifty per centum and in the case of vessels propelled by screw of seventy-five per centum of the tonnage of such space, but in no case shall the deductions from the gross tonnage exceed fifty per centum of such tonnage; and the proper deductions from the gross tonnage having been made, the remainder shall be deemed the net or registered tonnage of such vessels. Whenever it is made to appear to the secretary of the treasury that the rules concerning the measurement for tonnage of vessels of the United States have been substantially adopted by the government of any foreign country, he may direct that the vessels of such foreign country be deemed to be of the tonnage denoted in their certificates of register; other national papers, and thereupon it shall not be necessary for such vessels to remeasure at any port in the United States; and when it shall be necessary to ascertain the tonnage of any vessel not a vessel of the United States, the said tonnage shall be ascertained in the manner provided by law for the measurement of vessels of the United States."

Case of the Bothwell Castle.

There are some facts with reference to the case of Captain W. S. Thompson which ought to be stated. He was subjected in the United States court some time ago to a fine of \$8000 for carrying too many Chinese passengers, and \$1000 for having the berths of his vessel constructed contrary to law. This made \$9000 in all. Captain Thompson has already paid \$6000, being \$1,000 on the berths and \$5,000 on the passenger violation. The remainder of the fine, \$2,400, is yet unpaid and as there is some question pending with regard to some passengers, the matter has been submitted to the secretary of the treasury for his decision. It is in awaiting this decision that the recent stay of proceedings was granted by Judge Deady. —*Oregonian*, 1st.

The Results.

All persons feeling dull and depressed or perhaps feverish with appetite, no energy, the system clogged, the liver torpid, and the bowels inactive, who are wondering how to find relief, should purchase a fifty-cent or a \$1 bottle of Syrup of Figs, read the circular around the bottle, follow the directions, taking a few doses of this pleasant remedy and be restored to health and happiness. It is made by Dr. J. C. Dement, Druggist, who has been appointed agent for Astoria.

Hodge, Davis & Co., wholesale agents Portland, Oregon.

A CARD.

To all who are suffering from the errors and indigestions of youth, nervous weakness, early decay, loss of memory, hair, etc., I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. INMAN, Station D, New York City.

Another Wonderful Discovery!

It has been discovered within the last few days that the nicest place to buy your fall stock of provisions is at A. M. Johnson's.

It has also been discovered that the largest and best lighted store is A. M. Johnson's. Also that he has nothing but first-class goods at very low prices. Also that the children are waited on immediately. Also that your goods are sent to your house, on the instant, and the ladies know that it is the cleanest grocery store in town, and please not forget it. A. M. JOHNSON.

A Delicious Appetizer.

That ensures digestion and enjoyment of food; a tonic that brings strength to the weak and rest to the nervous; a harmless diarrhea cure that doesn't constipate—just what every family needs—Parker's Ginger Tonic.

The Peruvian syrup has cured thousands who were suffering from dyspepsia, debility, liver complaint, hoarseness, female complaints, etc. Pamphlets free to any address. Seth W. Fowler & Son, Boston.

I. G. Davidson, photographer, Portland, still retains the negatives taken at Astoria last year, and will furnish duplicates from them on short notice. His landscape views are much admired and in large demand.

700 Acres! Dairy or Stock Farm.

and Valuable Timber Land.

50 Dairy Cows, 2 Three-quarter Jersey Bulls, 2 Horses, 1 Yoke Work Oxen, 2 Milk Wagons, Farm and Dairy Implements and Furniture. 50 tons Hay.

The above Valuable Property is for SALE at a very low appraisalment, viz.

\$80,000, one third of which can stand on Mortgage.

It is situated on Lewis and Clark's River, 7 miles south of Astoria, and 2 1/2 miles from Clatsop beach. There is a good steamboat landing which is accessible to any of the O. R. & N. Co's river steamboats. About half of the 700 acres is tide land, well bridged, on which cattle keep fat the year round. The other half, level timber land, and about 200 acres in tame grass. Thousands of cords of hemlock, fir and spruce can be cut, worth two dollars and a half at the landing to which there is a good wagon road from all points. Every cord cut finds a ready market. In addition there is any quantity of mill lumber and good piles. Good dwelling houses, barn, and necessary outhouses, with an orchard of 10 or 12 acres, containing almost all kinds of fruit-bearing trees, etc., etc. This desirable property has a frontage of two miles on the river bank, and is admirably adapted for settlement by a company desiring to colonize, as it is large enough to divide into several farms and homesteads. The contemplated bridge between Astoria and Clatsop plains connects on this property. Party wishing to sell is now supplying Astoria with milk, and if desired will brand over good will and business to the purchaser of the property.

If sold before September 1st, at private sale, the whole property will be sold by catalogue sale, at Public Auction, on Friday September 15th, Dec. at 11 a. m. Title Warranty Deed.

For further particulars apply to E. C. HOLLIES, Auctioneer and Real Estate Agent.
