

The Astorian

ASTORIA, OREGON: WEDNESDAY SEPTEMBER 20, 1882

Hay is \$19 a ton in Walla Walla. -What's to be done with the road-way? -The Seattle iron foundry clears \$100 a day. -It is worth \$1,000 a month to be sheriff of Multnomah county. -Up to last Saturday, 325,000 bushels of wheat had been stored in Eugene. -The Lurline came down from Portland last evening. She will go back to day. -Lieutenant Fred Schwatka and wife leave San Francisco on the Oregon this morning. -Note the ad. of Leathers Bros., boat builders, who advertise first-class work and material. -The Robert Dixon has come alongside the dock, and will begin discharging to-day. -Wm. H. Newton a resident of Port Townsend since 1833, died at that place last Wednesday. -State Senator F. C. Reed has introduced a bill in relation to pilotage on the Columbia river bar. -It is with sincere pleasure we learn that each morning session of the legislature is opened with prayer. -The Chronicle says, that so far, the salmon run at Seattle has been a failure. But seventy-five barrels has been put up. -The Multnomah county court estimates that it will cost \$800,000 to run the county the ensuing fiscal year. The tax levy is 14 1/2 mills. -A fleet of boats skimmed the glittering surface of the Columbia yesterday afternoon engaged in the capture of the gentle tom-cod. -The Sheolwater Bay Transportation company contemplate running their river steamer as far as Elma, and the mouth of the Black river this season. -How would it do for the residents of upper town to join us in being one in name as they already are in mutual interest, and come into the municipality! -Mr. J. F. Warren, of Knappa, demonstrates that our belief in the productiveness of Oregon soil was not unaccounted for the facts, by sending us 27 pounds of potatoes, the product of two hills. -The Norwegian bark Josalfarer, which sailed from this port March 11th, and recently arrived at Dun-kirk, had jettisoned about 300 bags of wheat on the voyage, and the Captain, Bergman, was washed overboard. -Maj. Taylor's company B. 1st artillery, comes up from Fort Canby to-day, to be transferred to Vancouver. It is as yet undecided what will take its place, whether artillery from the Presidio, or infantry from Vancouver. -The board of directors of the state firemen's association meets in Salem this evening. Mr. F. J. Taylor, the president of the board, and C. J. Trenchard, one of the directors, will worthily represent the Astoria fire department. -The scarcity of laborers is thus illustrated by the Billings, Montana, journal: "Last Monday a laboring man passed through Weaverville. He was pursued by four tie contractors and one mill foreman, and after a desperate chase, was finally overtaken and put to work at sixty dollars a month. That night he swam the river and escaped." -"Several wagon loads of shovels, scrapers, wheelbarrows, and the paraphernalia used on railroad work, passed through town to-day, to be used by the O. R. & N. Co., for working the road bed on Burnt river. Several hundred Chinamen will be put to work immediately on this portion of the line." So says the Baker City Tribune. -Articles of incorporation of "The Astoria Gaslight company" were drawn up last evening, and the enterprise is now in shape to go ahead. It is the intention to put up two buildings, one brick, the other frame, at a point between here and upper town, lay mains, get all necessary machinery on the ground and light the seaport of Oregon with gas by January 1st, 1883. -Those about to have boats made should call at the boat shop of Leathers Bros., over Arndt & Ferchen's, and see the boats they use only first-class material in the best manner of construction.

The Senatorship

(SPECIAL TO THE ASTORIAN.) SALEM, Sept. 19th -12:30 P. M. Last evening a Republican caucus was held with an attendance of 36. Mitchell got the nomination on the first ballot, the vote being almost unanimous, Dolph and Failing each receiving one vote. Eighteen Republicans refused to take part in the caucus. The Democrats held a caucus at the same time, all but one being present. On the second ballot, Prim received the nomination. A resolution was introduced, binding all who participated in that caucus to stand by the nomination all through, but was voted down. I have it positively that several Democrats say they will vote for Mitchell if necessary to elect him against any other Republican. There are a few Democrats here who think it within the limits of possibility that a Democrat may yet be elected to succeed Grover. This morning the senate and house voted separately for senator; in the senate the vote stood: Mitchell, eleven; Prim, thirteen; Stratton, three; Dolph, two; Boise, one. In the house the vote was: Mitchell, twenty-five; Prim, twenty; Boise, seven; Hinman, two; George, one; Powell, one. From the present outlook it would seem as though Mitchell stood was above par. Council Proceedings. An adjourned meeting of the council was held last Monday night. A petition from A. McKenzie asking permission to use foot of Madison street for building a steamboat, was referred to committee on streets and public ways. The report of committee on public property, to whom was referred the petition of Messrs. Leonard & Condit, asking permission to lay gas pipe in the streets of the city, was read, and on motion, report was adopted. The claim of J. F. Halloran & Co., for \$225 was ordered paid; the claim of Geo. W. Home for \$628.63 was referred to streets and public ways. The following resolution was unanimously passed: Resolved, That the auditor and clerk be and he is hereby instructed to issue a warrant to the chief of police for the collection of the delinquent tax for the year 1882. The report of the committee on streets and public ways, on the remonstrance against the improvement of Wall street, in Shively's Astoria, was read, and on motion, received and placed on file, and recommendation adopted. A petition from property owners along the line of Astor street in McLure's Astoria, from the west side of Lafayette street to the eastern limit of Astor street, asking the council to cause the same to be improved was read, and on motion the petition was received and placed on file. The following resolution was unanimously adopted: Resolved, That the auditor and clerk be and is hereby instructed to give due notice that the city council propose to improve Astor street from the eastern limit of said street to the west side of Lafayette street in accordance with the petition of sundry property holders along said street. On motion council adjourned 'till next Saturday evening, the 23d inst. -"Whither away, my love, my own? The hills are purple, the sky is gold, the plash of the waves is a semitone, and the vesper breeze is as soft as the fur of your jacket, my love, my own." -"I'm going," she said, as she slammed the door, "down to Johnson's to get another can of Melrose baking powder, and don't you forget it!" -Prof. J. F. Meyer wishes to inform the public and his pupils that he is now settled and intends remaining here. He is prepared to give music and also French lessons. Scholars practicing will find every convenience for study and improvement, at his residence. His experience renders this an opportunity which it is worth while to any one to embrace. -Beautiful wedding presents at Adler's. -Thirty kegs of fine Tillamook butter just received and for sale at J. Our Saw Mills

They are all busy. If you go to any of them with a bill of lumber, you are assured that you can get it in three months. The Trullinger mill is cutting 20 to 30 thousand per day. It is reported that it will soon have another boiler and a gang-edger, and double capacity. The Home mill is cutting a little less, but is putting in its best licks. The Meade mill at upper Astoria has done well this summer, and is cutting much faster than formerly. The Knappton mills are working on full time, sawing from 60 to 70 thousand per day. The new saw mill at Westport has just started and saws about 20 thousand per day. It is reported another mill will be built in Astoria this winter, to saw the same quantity as the Knappton mill. CARL ADLER. Peruviana Bitters. Cuscoma, Fabra. The Count Cincion was the Spanish Viceroy in Peru in 1630. The Countess, his wife, was prostrated by an intermittent fever, from which she was freed by the use of the Bitters of the Peruvian bark, or, as it was called in the language of the country, "Quinquina." Grateful for her recovery, on her return to Europe in 1632, she introduced the remedy in Spain, where it was known under various names, until Linnaeus called it Cinchona, in honor of the lady who had brought them that wild and more precious than the gold of the Incas. To this day, after a lapse of two hundred and fifty years, science has given us nothing to take its place. It effectually cures the most obstinate fevers, restores the natural tone of the stomach. It attacks excessive use of liquor as it does a fever, and destroys it. The powerful tonic virtue of the Cinchona is preserved in the Peruvian Bitters, which are as effective against malarial fever to-day as they were in the days of the old Spanish Viceroys. We guarantee the ingredients of these bitters to be absolutely pure, and of the best known quality. A trial will satisfy you that this is the best and most reliable of all remedies for the malarial fever, and we will willingly abide this test. For sale by all druggists, grocers and liquor dealers. Order of L. Loeb & Co., agents for Astoria. HALL'S VEGETABLE SCULLIAN HAIR RESTORER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean, cures dandruff and humors, and falling-out of the hair. It furnishes the nutritive principle by which the hair is nourished, and softens the hair, making it moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only occasional applications necessary. It is recommended and used by eminent medical men, and is officially endorsed by the State Assayer Massachusetts. The popularity of Hall's Hair Restorer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world.
