#### Still Balloting.

[SPECIAL TO THE ASTORIAN.]

SALEM Sept. 22. Two ballots were taken to-day, thus relieving the monotony attendant on a single ballot; both gave the same result-Mitchell, 36; Prim, 33; Failing, 17; Thayer, 3; George, 1. The substitution of Failing and Thaver for Williams and Boise, is an indication of the fluctuations in the minds of those who are opposed to the decisions of the caucus. It is generally believed that balloting will continue for several days, if the anti-Mitchell men continue changing, but if they try any attempt to concentrate on Williams or Dolph, Glass and Plated Ware. the Democrats will rally to the Mitchell standard. They say that if they must have a Republican they prefer Mitchell. Men who claim to see as far into a some Democratic votes will be cast for Mitchell to-morrow. If so, he will be elected.

Dr. Cahill, of San Francisco, has a theory that the destruction of the world is not very far off, and that when the calamity comes it will be by ice pressure. The pre- 308 ACRES TIMBER LAND in T. 9 N menitory symptoms of terrestrial dissolution are to be found in the frequency of earthquakes which every now and then go zigzagging around the planet.

New Castle, Delaware, is the only city in the country that has no municipal or school taxes to pay. The revenue coming in from land with which the city was endowed by William Penn, is sufficient to meet the expense of run- MARTIN FOARD. ning the government.

NEARLY 250 bills have been introduced into the legislature so far this season: the time spent in electing J. H. Mitchell may take some of the days that could be devoted to the consideration of Tobacco, Cigars, Wines and Liquors those measures for relief and improvement.

ARABI Pasha, the captured in gent, is to be tried before English and Egyptian court martial.
