

The Daily Astorian.

ASTORIA, OREGON: THURSDAY.....OCTOBER 12, 1882. ISSUED EVERY MORNING.

There are sixteen prisoners for life in the state penitentiary. The post office at Netarts, Tillamook county, has been discontinued.

One and a half inches of rain fell in Portland during a forty-five-minute shower in that moist city last Tuesday night. Captain Wilkinson has lost his position at the Forest Grove Indian school.

The investigating committee in the alleged bribery cases have made a report which exonerates Mitchell from any complicity therein. A new county has been created by act of the legislature.

Our Washington Territory neighbors are gallantly nominating women candidates for the office of school superintendent in the several counties. Portland is to have its new city charter amended so that the mayor shall receive an annual salary of \$5,000, and the councilman \$1,000 each.

The American ship Patricia, 30 days from Yokohama, and the British bark Cumberland, from Sydney, are outside, together with the Trevelyan and W. H. Starbuck. All four have pilots aboard. Senate bill No. 116, "To incorporate the city of Astoria," was introduced last Tuesday by Senator Reed.

The policeman of Walla Walla, the chief included, get \$60 a month a pay, the street commissioner gets \$60, the attorney \$40, the clerk \$25, the stewards of the engine companies \$15, \$25 and \$70 each. The Seattle chief gets \$100 a month, the other policeman \$80, the clerk \$80, the street commissioner \$80, and the engine steward \$75. In Astoria the chief gets \$100 a month, the remainder of the police force \$75 each; the same salary is paid to the clerk and street superintendent. The "Engine Stewards" get \$85 a month.

Ed Astorian: The U. S. L. S. S. crew were sworn in on the 2d, and are on duty since that date, under Capt. Harris. Good service may be expected. He has a fine crew; many of them old hands at the business. Since Sunday the weather has been very stormy and the bar breaking heavily. Quite a fleet of little steamers are in the bay. The captains and pilots, to say nothing of the life crew, keep a steady lookout for an opportunity to get out. This forenoon it cleared up and the sun shone brightly.

Council Proceedings

At the last meeting of the city council a communication was read from R. R. Marion asking the council to reimburse him for planking half the crossing to Chenamus and Spruce streets, and referred to committee on streets and public ways.

The following claims were ordered paid by warrant: Theo. Logan, \$75; Morey & Co., \$27.75; J. F. Halloran & Co., \$27.24; Theo. Broemer, \$74.60; J. W. Gearhart, \$18. The following claims were referred: Stevens & Co., \$3.55; Jackins & Parks, \$4; J. W. Gearhart, \$20.85; L. W. Case, \$15.15; M. Rogers, 50 cents; Theo. Broemer, \$33.40; Jackins & Parks, \$2.25. On motion the council adjourned to meet Saturday evening.

Let Us Have a Fair Next Season. It has been suggested to us by more than one that the article in last week's ASTORIAN, entitled "Almost a Fair," which was more of a "josh" than anything else, need not be so if all goes well by next season.

When we went up the Oregon Short Line men were on this side of Burnt river canyon. When we returned they were just entering the canyon, preparatory to surveying a route through this great and only passage. Large numbers of men are now on this side of Boise City on their way to the Burnt River district, who are in the employ of the Oregon Short Line, while from this end of the O. R. & N. Co.'s road, men are being forwarded to the same scene.

Now that our legislature has had foresight and common sense enough to do the fair thing in memorializing congress that the Astoria land grant be declared forfeited, it would put new life in this region to show people what a magnificent county we have, to prove to them that it is a good place to come to, to bring their wives and children, and all the loose change and spare cash they can get together, and buy and take up some of the finest land that the sun ever shone on.

A Valuable Work. We had occasion to refer some time ago to a work entitled "The Commerce and Industries of the Pacific Coast," a large volume replete with information of a full and reliable character. Mr. Donovan is now in the city, engaged in collecting new and complete information respecting our growth as a city, and is also compiling statistics in reference thereto.

Look Here. Gustav Hansen, the jeweler, goes to San Francisco on to-day's steamer, from whence he will send a fine stock of wedding presents, holiday goods, and solid gold jewelry.

Closing out Business. Owing to the illness of Mr. N. Loeb, he has concluded to dispose of his entire stock of clothing, furnishing goods, groceries, etc., at cost. Mr. Loeb desires us to say in regard to the matter that he means business.

Rooms to Rent. Furnished or unfurnished. Apply to W. B. Wilson, corner Jefferson and Cass streets.

"Oregon or Bust"

Having just returned, says the East Oregonian, from a trip over the mountains through Burnt river canyon, the scene of the railroad war, and as far as Boise City, we feel it to be of interest to chronicle what we saw on the trip. The Blue mountains have been the scene of war between nature and heavy forces of men in the employ of the O. R. & N. Co., and Oregon Construction Co.

Men have been employed to survey on this side of Baker City for the Oregon Short Line, and others have been placed on the other side of Baker City by the O. R. & N. Co. Surveyors are at work for the latter company, surveying as fast as possible to Boise City.

A Varied Performance. Many wonder how Parker's Ginger Tonic can perform such varied cures, thinking it essence of ginger, when in fact it is made from many valuable medicines which act beneficially on every diseased organ.

Satisfaction for Ten. In our family of ten for over two years Parker's Ginger Tonic has cured headache, malaria and other complaints so satisfactorily that we are in excellent health and no expense for doctors or other medicines. Chronicle.

By Universal Accord. AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use by physicians in their practice, and by all civilized nations, proves them to be the best and most efficient.

POVERTY AND DISTRESS. That poverty which produces the greatest distress is not of the pure kind, but of the impure. Deprived of its richness it becomes scant and watery, a condition termed anemia in medical writings.

Have you tried a stew or pan roast as Frank Fabre cooks it? Order one and you'll thank us for the advice. A very complete assortment of blank books, all sizes, styles and prices at the City book store.

Without mineral water, fresh and sparkling, at F. B. Elberston's. That taffy of Oerkwitz's is the boss confection, and don't you forget it. Sweet cider, pure and fresh at J. W. Conn's.
