ASTORIA, OREGON:

WEDNESDAY_DECEMBER 20, 1882 Tornadoes in the United States.

The Signal Service office has made a study of the 600 tornadoes recorded in the United States during the past 87 years, and finds that such storms most frequently occur in June. While they are liable to swoop down at any hour of the twenty-four, they generally do their work between five and six P. M.; tornadoes always move with an eastward motion, and their average path of destruction is only about a fifth of a mile; they prevail chiefly in the west, and Kansas leads in the list among states in that section, laving experienced 62 in 23 years. Although accurate statistics are still lacking there seems to be no doubt that the month of June this year brought more storms than any previous one, the best estimates putting the loss of life by tornadoes during that month at 150, while about 400 persons were wounded, and the damage to property aggregated about \$5,000,000.

A fire occurred in Washington City, on the evening of the 16th, in the third floor of a building on F street, mainly occupied as a law office by Richard D. Merrick, principal counsel for the government in the star route cases. The fire was undoubtedly incendiary, and Merrick asserts that it was for the purpose of destroying important papers in the star route cases, which were known to be in his office. The fire was promptly extinguished, with the loss of a few hundred dollars, but no papers of consequence were injured.

Street Improvement Notice.

NOTICE is hereby given that the Common Council of the City of Astoria. Oregon, propose to order the improvement of Squemoqua street in McClure's Astoria, from the east line of said street, to the west side of Cass street, by widen ing the same to its full width (fifty feet) and building sidewalks on each side of said portion of said street, and unless a remonstrance signed by the owners of two thirds of the property fronting on said portion of said street be filed with the Auditor and Clerk of said city, within ten days from the final publication of this notice, viz: January 3d, 1883, the Common Council will order said improvement to be made.

By order of the Common Council.

No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881. Gents :- The foolish wasting of vital force in business, pleasure, and vicious indul-gence of our people, makes your preparation a necessity; and if applied, will save hun-dreds who resort to saloons for temporary recuperation.

Brown's Iron BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
