Preserving Eggs About a year ago I put down a

quantity of fresh eggs in various ways for the purpose of testing the merits of each particular method. The lime and salt mixture, consisting of one pint of lime, newly slacked, and one pound of salt, well stirred with a tenquart pail of water, kept the eggs very well for six months, when the whites began to become clouded and the yolks dark and too tough to beat up. The mixture of beeswax, melted with twice as much olive oil, smeared while warm over eggs, kept the eggs well for a year, and some of the eggs yet unused are still good. Those eggs which were thus prepared and packed in air-slacked lime keep better than others packed in oats; the latter tasted considerably of the rancid oil, which seemed to be absorbed. The eggs covered with melted paraffine keep the best of all, and those of them that were put down in weak brine, in which they sank to the bottom, kept better than others packed in dry salt or plaster. Since then I have become acquainted with a German preparation of salt, saltpetre and bora., which, however is patented in America. I have some eggs put down in this for five months, and they are equal to fresh eggs, even when boiled for eating, a very delicate test, as eggs very soon exhibit any staleness when so cooked. An omelette made of eggs put down in this solution was very good, and so was one made of eggs a year old kept in paraffine, as was also a sponge cake made of beaten eggs. Paraffine is easily removed from the shells by holding them in hot water for a short time. The salt and lime mixture and the German salt both keep the shells in perfect Total, 20 cargoes. condition, and simple rinsing is only required to cleanse them. think the German salt promises to he the best, but it is outrageously dear .-- American Duiryman.

Accomplished horsemen and Total (15 cargoes) veterinarians freely use St. Jacobs Oil for stock.

### STRONG FACTS!

A great many people are asking what particular troubles Brown's IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I mercaning strength daily, and I cheerfully recommend it to all. I cannot say too much in praise of it. Mrs. Mary E. Brashear, 173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1881. Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.

J. KYLE MONTAGUE.

Heart Disease

Vine St., Harrisburg, Pa. Dec. 2, 1881. Dec. 2, 1881.

After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised totry Brown's Iron Ritters. I have used two hottles and never found anything that easy me so much relies.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

MATIC AND GOUTY PATIENTS.

SALICYLICA is known as a commonsense remedy, because it strikes directly at
the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifies and
supposed panaceas only treat locally the
effects.

It has been conceded by eminent scientists
that outward applications, such as rubbing
with oils, ointments, limiments, and soothing
lotions will not eradicate these diseases
which are the result of the poisoning of the
blood with Uric Acid

SALICYLICA works with marvelous
effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe,
