ASTORIA, OREGON WEDNESDAY JANUARY 24, 18-3

When Louis Napoleon was in the height of his glory as emperor of France, the city of Marseilles presented to him a plot of ground. at the time valued at 1,300,000 francs. The emperor built a palace on the ground at an additional expense of 1,600,000 francs. After his death the municipality brought an action to dispossess Eugenie of this property, but was nonsuited. It appealed the case to the-higher tribunal at Aix, and was again defeated. Having clearly established her title to the property, Eugenie, with a magnanimity truly admirable, has deeded it back to the city of Marseilles. In this act she not only restores the original gift, but includes with it the palace, upon which the municipality has no shalow of claim. The present value of this property is estimated at 3,000,000

Goss & Sawyer, shipbuilders of Bath, Maine, have contracts for over a dozen new vessels. The ship-wrights on the Pacific coast have so many contracts for new vessels that they are compelled to refuse some good jobs, and yet we hear of the decay of American shiping. If we could have American sailors as we had thirty years ago it would help amazingly.-Alla.

An elderly man in Boston is so polite and loving that when he is out dining with the young lady of his heart he puts syrup on his bald head to attract flies and prevent them from annoying her.

J. M. Pinkham, Esq., foreman C. F. Sampson Manufacturing Co., North Adams; Mass., says: St. Jacobs Oil is surely possessed of miraculous powers, for it cured me of a severe case of rheumatism when other remedies failed.
