Cutting Glass With Scissors.

Many persons may not be aware that glass can be cut under water, with greatest ease, to almost any shape, by simply using a pair of shears or strong scissors. In order to insure success two points must be attended to—first and most important, the glass must be kept quite level in the water while the scissors are applied, and, secondly, to avoid risk, it is better to begin the cutting by taking off small pieces at the corners and along the edges, and to reduce the shape gradually to that required, for if any attempt is made to cut the glass to the shape, as we would cut a piece of cardboard, it will be most likely to break just where it is not wanted. Some kinds of glass cut much better than others; the softer glass is the best for this purpose. The scissors need not be at all sharp, as their action does not depend on the state of the edge presented to the glass. When the operation goes on well the glass breaks away from the scissors in small pieces in a straight line with the blades. This method of cutting glass has often been of service when a diamond has not been at hand, for cutting ovals and segments, and though the edges are not so smooth as might be desired for some purposes, it will answer in many cases. The two hints given above, if strictly followed, will always insure success.

For one mile of road it takes 350 rails 30 feet long, 5,259 lbs. of spikes, 5,650 lbs. of fish plates and 1,750 lbs. of bolts.

Cincinnati's accomplished aeronaut, Mr. James Hayden, says St. Jacobs Oil is the best medicine ever put up, and has done him immense service in curing his rheumatism.

For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing BROWN'S IRON BITTERS advertised in the paper, induced me to give it a trial. SECRET!

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLICA is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

A Sure Cure Found at Last!

No One Need Suffer!

A sure Cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams, (an Indian Remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed), acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Coffinburry of Cleveland, says about Dr. William's Indian Pile Ointment: I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment.
