ASTORIA, OREGON: FRIDAY, JANUARY 26, 1888

An Act to Protect Laborers in Timber and Logging Camps.

Be it enacted by the Legislative Assembly of the State of Oregon: Section 1. Any laborer in the timber or in any logging camp shall have a lien upon any timber or logs cut or manufactured by him, or in such camp, for the amount due him for labor or on about the same.

Sec. 2. Such laborer shall file a copy of his demand, verified by his oath, in the county clerk's office, within thirty days of his ceasing work on such timber or in such camp, or in lieu of such filing, such laborer or laborers may take and hold possession of such timber or logs, subject to the payment of their demand; Provided, however, That if such timber or logs should be sold at any time while such laborers are still at work, they may take possession of such logs and hold the same as aforesaid at any time before said logs are delivered at the mill where they are to be manufactured into lumber.

Sec. 3. Any laborer filing such lien or holding the possession of such logs, shall within twenty days of such filing, or within ten days of his taking possession of logs or timber, as by this act provided, commence an action at law on his demand and diligently prosecute the same to judgment, and in his complaint he shall set forth the facts constituting his lien, and in any judgment he may obtain such property shall be described and adjudged to be sold in manner as now required by law in case of attached property.

Approved October 26, 1882.

THE WALLA WALLA UNION learns that in the Dominion Parliament now in session at Victoria, British Columbia, notice has been given of an application to the legislative assembly for an act to incorporate John C. Ainsworth, George Ainsworth and Enoch W. Blasdell for the purpose of reclaiming the overflowed land along the Kootenai river, and for turning the river into the Columbia at the point known as the Kootenai crossing, near the Columbia lakes. The enterprise will drain a very large section of country and reclaim rich bottom lands of vast extent and value. The lakes mentioned are near the line of the Canadian Pacific railway.

An article in yesterday's Oregonian, written in the interest of a rising market, asserts that the terminus of the Oregon Short Line is to be just below St. Johns; that that company's western "jumping off place" will be a suburb of Portland. The fact that the Oregonian in its preceding issue with a due regard to definiteness located the terminus "somewhere along the coast" is to be ignored in the light of the present astounding revelation. The regret that our landed possessions do not include a slice of the promised "terminus" is somewhat mitigated by the reflection that the statement may possibly lack the essential element of reliability.

In Germany the post office has a monopoly of the newspaper trade. Every post office in the empire is ready to receive subscriptions for not only any German journal, but almost any newspaper of note published in the world.

A COLORADO SPRINGS correspondent of an eastern paper thinks it a little singular that the man who described the place as "a paradise for invalids" was making a living by burying the invalids who died there.

Gov. BUTLER is making a stir at the Massachusetts state house. His latest move was to go through the capitol building at 8:30 A. M., to see how many office-holders and clerks were on time.

A Common-sense Remedy. Salicylic Acid. No more Rheumatism, Gout or Neuralgia. Immediate Relief Warranted. Permanent Cure Guaranteed.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylic Acid.

SECRET! THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLIC ACID is known as a common-sense remedy because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLIC ACID works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. High-st Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER! That SALICYLIC ACID is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly.

Give it a trial. Relief guaranteed or money refunded. Thousands of testimonials sent on application.

\$1 a Box. 6 Boxes for \$5. Sent free by mail on receipt of money. ASK YOUR DRUGGIST FOR IT.

But do not be deceived into taking imitations or substitutes, or something recommended as "just as good." Take no other, or send to us.
