Tidal-Wave Governors.

A tidal wave governor was quite as big a man in 1875 as he is now. The only difference is that the 1875 brand has not quite come up to its bright and early promise. The frosts of November since have rather wilted the crop. Geo. Stoneman is a tidal wave governor of California now. In 1875 a tidal wave had made an Independent, Newton Booth, governor of California. Mr. Booth is to-day a respected citizen. We trust Governor Stoneman will be, seven years ahead. If Governor Waller of Connecticut will consult with Charles R. Ingersoll, Esq., of New Haven, he can get valuable points as to the way it feels to be a tidal wave governor seven years after date, and the influence and prospects of the same, Indiana had then for a governor Thos. A. Hendricks, not so much of a tidal wave kind as a brand plucked from the burning of 1872. Mr. Hendricks is, we believe, still practising law. Massachusetts had a tidal wave governor, however, of the genuine * * none-genuinewithout-the-trade-mark brand. Does anybody know where Mr. Gaston is now?

In Oregon accident had made Lafayette F. Grover governor, and in Ohio William Allen; but the accident that some day befalls each is all that left to remind men that one of these men was once a presidential possibility. - Phila. Press.

Frank O. Butterfield, Clerk American House, Lowell, Mass., says LOEB & CO. he was cured of a stubborn attack of rheumatism by the use of St Jacobs Oil.
