ASTORIA. OREGON:

EUNDAY ..... FEBRUARY 4, 1803

A Hunter's During Exploit. George On loweit, a buffelo hanter on the Poscopine, not long ago had two of his horses stolen from his camp by Indians, says the Yellowstone Journal. George discovered his less, and, taking the trail, followed them up, and in a few days came up with the band; of Indians as they were going into camp. Carefully concealing himself behind a butte, he watched the Indians unsaddle their horses and turn them loose to graze, among which he saw the two horses which had a few days ago been stolen from him. Patiently he waited until night came on, and, as the Indians feared no pursuit at so distant a day, they all rolled themselves up in their blankets around the five and went to sleen. This was the moment our brave hunter was waiting for, and, stealthily stealing from his hiding place, he glided steadily down a coulee to near where the band of horses were feeding. At last he reached his horses, and quickly lariating them, he singled out five more of the best horses in the herd and drove them out on the prairie and thence to his camp. In the morning, when the Indians awoke from their slumbers, they were surprised to find that the stolen horses, which they had turned out in the herd the night before, were missing, and also five more of the best ponies had accompanied them. George scon reached his camp, and is now the happy possessor of five more head of horses than before the raid by the Indians.

After you have rubbed with most everything and dosed with the balance for rheumatism,-give St. Jacobs Oil a trial and surprise yourself.

# TRUE **Temperance**

Is not signing a pledge or taking a solemn oath that cannot be kept, because of the non-removal of the cause -liquor. The way to make a man temperate is to kill the desire for those dreading artificial stimulants that carry so many bright intellects

to premature graves, and

desolation, strife and un-

happiness into so many

families. Itisafact! BROWN's IRON BITTERS, a true non-alcohol ic tonic, made in Baltimore, Md., by the Brown Chemical Company, who are old druggists and in every particular reliable, will, by remo ing the craving appetite the drunkard, and by curi the nervousness, weakneand general ill health result ing from intemperance, do more to promote temperance. in the strictest sense than

any other means now known.

It is a well authenticated fact that many medicines, especially bitters, are nothing but cheap whiskey vilely concocted for use in local option countries. Such is not the case with Brown's IRON BITTERS. Itisa medicine, a cure for weakness and decay in the nervous. muscular, and digestive organs of the body, produc ing good, rich blood, health and strength. Try one bottle. Price \$1,00.
