The Bear Not in Winter Sleep.

Like the hedgehog, the bear depends entirely upon its accumulation of fat, and during the fall in prime condition, when in October or November, it enters upon its winter home. One of these nests of the black bear, found by the writer several miles from Lake Utwana, in the Adirondacks, was beneath a huge tree, four or five of whose great roots branched out on each side. The earth had been removed on the south side, the interior lined with leaves, twigs and other refuse matter that would make a comfortable bed, and covered with snow in a dense jungle. The animal had perfect security. Soon after the animal has retired the intestines shrink and become clogged or hardened with a substance known as tapan, in reality pine leaves and the bark of fir trees that they eat immediately prior to entering upon the state of hibernation, that remains in position until spring, and so slow is the exhaustion of fat, that is now the food supply, that animals have been found five months after their involuntary entombment as fat as when they went in. During the sleep the skin upon the balls of the feet is renewed. The males of the polar bear do not hibernate, a fact proven by the late polar expedition of the yacht Eira.

The house committee on military affairs has practically agreed upon the terms of a bill to place Gen. Grant upon the retired list of the army with the rank of general.

An Indiana paper, we notice, cites the case of Colonel Samuel H. Taylor, of Washington, that State, who was cured by St. Jacobs Oil of a severe attack of rheumatism.

TRUE Temperance

Is not signing a pledge or taking a solemn oath that cannot be kept, because of the non-removal of the cause—liquor. The way to make a man temperate is to kill the desire for those dreadful artificial stimulants that carry so many bright intellects to premature graves, and desolation, strife and unhappiness into so many families.

It is a well authenticated fact that many medicines, especially 'bitters,' are nothing but cheap whiskey vilely concocted for use in local option countries. Such is not the case with Brown's Iron Bitters. It is a medicine, a cure for weakness and decay in the nervous, muscular, and digestive organs of the body, producing good, rich blood, health and strength. Try one bottle. Price \$1.00.

A Common-sense Remedy. Salicylic Acid. No more Rheumatism, Cough or Neuralgia. Immediate Relief Warranted. Permanent Cure Guaranteed.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylic Acid.

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS. SALICYLIC ACID is known as a common-sense remedy because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been concurred by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these disorders which are the result of the poisoning of the blood with Uric Acid. SALICYLIC ACID strikes with marvellous effect and so removes the disorder. It is now extensively used by all celebrated physicians of America and Europe. High Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER that SALICYLIC ACID is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly. Give a 7 day trial. Relief guaranteed or money refunded. Thousands of testimonials sent on application. \$1 a Box, 6 Boxes for \$5. Sent free by mail on receipt of money. ASK YOUR DRUGGIST FOR IT. But do not be deluded into taking imitations or substitutes, or something recommended as "just as good." In-ist on the genuine with the name of WASHBURN & CO. on each box which is guaranteed chemically pure under my signature, an indispensable requisite to insure success in the treatment. Take no other, or send to us.
