#### Ready Made Houses.

Illustrative of the manner this industry is progressing, it is mentioned in the London, Ont., Advertiser that the Truaxes planing mills at Walkertown, are turning out material for ready made houses at a rapid rate. Orders for a whole row of houses can be filled in a few days, and it is not uncommon to see an entire street for Brandon or a block for Winnipeg sent out on a train twenty or thirty days after the order has been received. During the past season Messrs. Truax shipped 219 cars of knock down house material to the northwest. One of the partners in the concern accompanies each train, and superintends the putting up of the houses. Some houses are ordered by telegraph in this fashion: "What can you furnish me a tidy cottage for, 22x40 feet, with bay window and veranda?" Next spring the enthusiastic house builders expect to receive orders for entire villages, something after this style: "What is your lowest figure for five stores, two wagon and two blacksmith shops, one Methodist and one Presbyterian church, twenty-five cottages, a town hall, and a lock-up, to be delivered on or before July 1st?" Orders have been received for twenty-one houses to be put up in Brandon next spring. The freight rate on these houses from Walkerton to Chicago is \$40 a car; from Chicago to Minneapolis \$20 a car. The charge the balance of the way is enormous, owing to the lack of competition, the cost of a medium car through from the start to Winnipeg being LOEB & CO.,

Mr. Isaac Powell, the owner of the Walnut street Livery Stables, WINES. Lancaster, Pa., writes: I used St. Jacobs Oil on a horse that was badly galled; it removed the soreness and healed more rapidly than any preparation I ever saw.

For tremulousness, wakefulness, dizziness, and lack of energy, a most Best San Francisco Houses and valuable remedy is Brown's Iron Bit.
