

The Daily Astorian.

ASTORIA, OREGON:

FRIDAY..... MARCH 9, 1883

Lively Times.

A Seattle dispatch says: Much excitement has prevailed here in certain circles during the past two days over attempts to seize upon valuable tide flat lands at the head of the bay. These flats are claimed by the railroad people, under an act of the territorial legislature. They, however, were in actual possession of but a small portion of them. Night before last a number of men, aided by two pile drivers went out under cover of darkness and seized upon several choice blocks, driving piles around them and placing guards thereon. Injunctions were got out on behalf of the railroad company yesterday morning, and there it was supposed the matter would rest until tried in the courts. On the contrary, though, a force of men for the company, with two steamboats, quietly went to work last night at 12 o'clock and pulled out most of the piles driven the night before. In doing so they were resisted as far as possible by the jumpers and some shooting was done, though without personal injury to anyone. Injunctions against the company and its employees were got out at once. The tide flats of the bay have an area of over 2000 acres, and are worth at present values over a million dollars.

It is understood the Canadian government has consented to subsidize a direct steamship line with Mexico, and \$50,000 will be placed in the estimate for that purpose.

Mr. J. S. Lefavour, artist, Salem, Mass., reports that he has used St. Jacobs Oil with rare satisfaction and surprising benefit for rheumatism of twenty years standing.

For tremulousness, wakefulness, dizziness, and lack of energy, a most valuable remedy is Brown's Iron Bitters.
