

The Daily Astorian.

ASTORIA, OREGON:

THURSDAY, MARCH 15, 1883

In all the city churches and in churches in towns and villages along the Canadian Pacific railway line, recently, pastors preached on Sunday observance, and strongly censured the Canadian Pacific for running trains on Sunday, and urged the necessity of securing legislation to prevent its continuance. The Rev. Mr. Fortin, of St. Paul, said: "Better ride to a Red River ox cart than to go to hell in a palace sleeper." Many railway officials indignantly left the edifice.

An Austin journalist put in an appearance at the inaugural ball. There was a mixed mob there, it is true, but the journalist's coat was so shabby that one of the committee whispered in his ear, "Haven't you got another coat at home?" "Yes, I have got another one." "Why didn't you put it on?" "Because it isn't near as good as this one."

When a man leaves a town and owes two dollars and fifty cents, we hear about it all over the country, but when a man unexpectedly returns and quietly goes around to his creditors and says: "when I left, I owed you a few hundred dollars, now make out your bill and I will pay you," then there is nothing said, not a word.—W. W. Watchman.

Professor C. A. Young, of Princeton, is authority for the statement that but 6,000 stars are visible to the naked eye in this latitude. With an opera glass 300,000 may be seen, and with the most powerful telescope about 50,000,000. Astronomers have located and mapped 600,000 stars.

No one has a right to own a horse without keeping St. Jacobs Oil on hand.

A sure cure for impoverished blood, pimples, and sallow complexion, is Brown's Iron Bitters. It will produce a healthy color, smooth skin, and is absolutely non-injurious.
