The sale of Syrup of Figs is simply immense. Everyone is taking it, and all admit that it is the best medicine ever used. Children ery for it on account of its pleasant taste, and grown up people who have used it once never take anything else. Unlike other remedies for billiousness and constipation it never loses its power to act, and it always leaves the organs on which it acts stronger than before. Besides one feels fresh and bright and realizes that it is Nature's own true laxative. W. E. Dement & Co., are agents for Astoria.
