ASTORIA, OREGON:

WEDNESDAY ..... APRIL 4, 1883

There seems to be just now a general movement "all along the line" in the way of changing the face of nature for the more convenient arrangement of water ways for commercial trafic. The latest proposition is nothing less than the separation of England and Scotland by a water way from the Solway Firth to the river Tyne. An engineer is at present working on the surveys, and estimates are promised for early publication. This canal would have a length of only eighty miles, or twenty miles less than the Suez. It would, of course, afford a very convenient short cut across the country for ocean steamers. Some forty years ago a scheme of the same kind was talked of.

THE total number of manufacturing establishments in the United States is 263,852, with a capital of \$2,790,272,605. These industries employ 2,738,895 hands, two million of which are male adults. The wages paid is \$974,-953,795. The value of material used is 13,396,823,449 producing \$5,360,579,191. This leaves a clear profit to capital, after wages and material are paid for, of \$1,-024,802,847, or 43 per cent. on capital invested. The average weekly wages of workmen is \$345, less than one dollar per day. That is what is styled "protection of American labor."

Kentucky still retains the provision that "no person while he continues to exercise the functions of the clergy, priest or teacher of any religious persuasion, society or sect shall be eligible to the general Assembly."

The complaint was rheumatism, wherewith Mr. J. W. Walker, of Waterloo Ind., suffered for fifteen years; after trying a great many remedies without being relieved, he was finally cured by St Jacobs Oil. He says he feels like a new man.

-Fancy soaps and perfumery of all kinds can be found at J. W. Conn's drag store, opposite Occident hotel.

-For Dyspepsia and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never falls to cure. Sold by W. E. Dement.

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of med cine. Brown's Iron Bitters.

If not? Why not! Use the Great OREGON BLOOD PURIFIER, at appetizer, liver-regulator, and a surcure for your impure blood. It make the skin smooth, soft and fresh; the eyes bright and sparkling; the brain clear; the cheeks plump and rosy; the breath pure and sweet, and good circulation promotes vigor to the whole system. Ask your druggist for it.

The youthful color, beauty and lustre are gradually restored to gray hair by Parker's Hair Balsam.

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the enly sure and quick way to drive it out is to purify and enrich the

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thor oughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is posi-tively not injurious.

Gents: "Upon the recommendation of a friend I tried Bhown's Inon Birthess as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminest physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Bnown'. Inon Birthess, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted be quickly said "Tonics were required;" and when informed that the elder sister was taking Bnown's Inon Birthess, responded "that is a good tonic, take it."

Brown's N BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Con-sumption, Kidney Complaints, etc.
