

The Daily Astorian.

ASTORIA, OREGON:

FRIDAY, APRIL 6, 1883

A Big Planer.

A Maine paper says that in one of the Bath ship yards is a planer, said to be the largest in the world. It is capable of working a piece of timber 66 feet long, five feet wide and two and one-half feet deep.

A bar of iron worth five dollars, worked into horse-shoes, is worth ten dollars and fifty cents; made into needles, it is worth three hundred and fifty-five dollars; made into pen-knife blades, it is worth three thousand two hundred and eighty-five dollars; made into balance springs of watches, it is worth two hundred and fifty thousand dollars.

A bull in the old tariff is that "imported for breeding purposes" should be "live animals." The new tariff strikes out "live," and leaves that to be understood.

A circumstance with a very happy outcome was lately referred to by the Brooklyn Eagle. It was told by Mr. W. A. Davenport, connected with the house of Messrs. Butler, Pitken & Co., 476 Broadway, New York, and concerned the marvellous cure of Mr. Ezra D. Clark, near Newark, N. J., of a terrible case of rheumatism, which other remedies had failed even to alleviate.

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of medicine. Brown's Iron Bitters.

COMMERCE AND TRADE.

ARRIVALS FROM SEA. From Foreign Ports, for the Columbia River. From America Ports. From Foreign Ports, for the Columbia River.

TIDE TABLE FOR ASTORIA

Table with columns for High Water and Low Water, and rows for dates from April 6 to April 13, 1883.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Table with columns for Recapitulation January '83, February, and March, listing various goods and their values.

Domestic Exports.
