Mexicans Killing Apaches.
El Paso, Tex., April 16.—General Crook, who has been down in Mexico to consult with Mexican officers regarding action against the Indians, considers the situation serious and says no report of what the Mexican troops have done have been allowed publicity, but they have killed a good many Apaches and have spared neither women or children. General Crook does not think that the Indians can be successfully fought with regular troops, and will therefore employ Indian scouts, to which the Mexican authorities have assented, and will permit our scouts to cross the border in pursuit of hostiles. Concerning the threatened raid on San Carlos reservation by bands of armed citizens, General Crook has given orders to allow the San Carlos Indians to defend themselves.

Only A Rumor.
NEW YORK, April 15.—*Kierman's News:* There is excellent authority for the statement that recent sales of Oregon and Transcontinental stock have been for the account of parties interested in Northern Pacific lands, who realize on Oregon and Transcontinental for the purpose of buying Northern Pacific preferred. It is believed that an effort will be made to advance Transcontinental as soon as Villard arrives at Portland, which will be to-day or tomorrow.

Officially Denied.
ROCHESTER, April 14.—Patrick Egan, John Devoy, editor of the *Irish Nation*, and James Mooney, president of the land league of America, addressed a large meeting of Irishmen yesterday. They denied that the land league advocated assassination.

All Convicted.
ODESSA, April 16.—The trial by a military court of 26 members of the South Russian Northern confederation, some of the members of which were prosecuted by Strelinkon and murdered, concluded to-day. All the prisoners were convicted. Three were sentenced to penal servitude for life, seven to 15 years, penal servitude, four to 10 years and four to four years. Eight were banished to Siberia.

For Revenue Only.
CHICAGO, April 16.—Congressman Springer of Illinois, who has been in this city since Thursday, was interviewed to-day in regard to the published statement that the general sentiment of the democratic leaders who were in attendance at the Iroquois banquet favored Tilden for the standard-bearer in 1884. Springer said the meeting was not in the interest of any presidential candidate, and as far as he knew, no preference for individual candidates was expressed. Its only object was to enunciate democratic principles and to voice the sentiment of the party on the great questions of the day. There was an overwhelming sentiment, however, in favor of tariff for revenue only, and it was his conviction that representatives of the northwest would demand the insertion of this plank in the platform of the next democratic national convention.

Worth \$1,000 Apiece.
NEW YORK, April 16.—At Castle Garden yesterday 4,400 immigrants landed from six foreign steamships. Germans, Hungarians, Dutch, Scandinavians, Scotch, English, Irish, Welch, Italians, and Polish Jews were massed together within the space included by the walls of the old Fort Castle. It was the largest number of arrivals upon any one day since August last.

Three gunboats are cruising off Queenstown, waiting to intercept a vessel from America having on board a consignment of infernal machines.

Rheumatism, dyspeptic, atonic, anemic, paralytic, or wretched person, the OREGON BLOOD PURIFIER cures such cases and sickness. Indeed highly recommended by a vigorous body.

THE PRE-EMPTION LAW.

The qualifications required of a pre-emptor are that he (or she) shall be a citizen of the United States, (or have declared an intention to become such) over 21 years of age or the head of a family; an actual inhabitant of the tract claimed; and not to be the proprietor of 320 acres of land in any state or territory. A person who has removed from land of his own to reside on public land in the same state or territory, or who has previously exercised his pre-emption right, is not a qualified pre-emptor. Lands included in any reservation, or within the limits of an incorporated town, or selected as the site for a city or town, or actually settled and occupied for purposes of trade and business and not for agriculture, or on which there are any known salines or minerals, are not subject to pre-emption. If the land is surveyed, but has not been "offered," the declaratory statement must be filed within three months from date of settlement. "If upon offered" land, the filing must be made within thirty days. If the land is unsurveyed at the time of settlement, the declaratory statement must be filed within three months after the date of filing the township plat in the local office. Failure to file a declaratory statement within the time prescribed makes the land liable to the claim of any adverse settler who does file notice of his intention at the proper time. The land office fee for filing a declaratory statement is \$2 except in the Pacific states and territories, where the fee is \$3. A pre-emption filing can be made only by an actual settler on the land. A filing without settlement is fraudulent, and no rights are acquired thereby. The existence of a pre-emption filing on a tract of land does not prevent another filing to be made of the same land, subject to any valid rights acquired by virtue of the former filing and actual settlement, if any. On offered lands proof and payment must be made within twelve months from the date of settlement. If the land is unoffered, proof and payment may be made within three months from date of settlement. A failure to make a proof and payment as prescribed by law, renders the land subject to appropriation by the first legal applicant. The first requirements of actual inhabitancy and improvement must be observed under the pre-emption law as under the homestead law. Failure to inhabit and improve the land in good faith, as required by law, renders the claim subject to contest and the entry to investigation and cancellation. Final proof in the pre-emption case must be made to the satisfaction of the register and receiver, whose decision, as in other cases, is subject to examination and review by this office. Publication of notice to make proof is required as in homestead cases. The final affidavit must be made before the register or receiver, or before the clerk of the court of record in the county and state or territory where the land is situated. The pre-emptor is required to make oath that he has not previously exercised his pre-emption right; that he is not the owner of 320 acres of land; that he has not settled upon and improved the land to sell the same on speculation, but in good faith to appropriate it to his own exclusive use; that he has not made any contract or agreement, directly or indirectly, in any way or manner, with any person whatsoever, by which the title he may acquire from the United States shall inure in whole or in part to the benefit of any person except himself. Any person swearing falsely forfeits all right to the land and to the purchase money paid, besides being liable to prosecution under the criminal laws of the United States.

Where Leaves are too Lazy to Fall.

On two occasions I have witnessed brakes whistled down and a train load of passengers stopped in the pine woods, while the conductor slowly ambled off to a neat cottage in a little orange grove, and kissed his wife and a large family of children, ranged along on top of the fence. I think it was his wife, but there was some speculation in regard to it. Animate and inanimate nature are alike affected. The leaves on the trees are too lazy to fall.—Florida Letter.

For many years says the *Scientific Press*, Mount Everest, in Nepal, has been considered the highest mountain in the world, reaching the respectable height of 29,002 feet. Dhawalgiri and Kuchinjira, in the same range, with about 28,000 feet each, shared the honor between them until Major Everest, of the Bengal Engineers, discovered their big brother. Before they were measured, Humboldt thought some points in the South American Andes reached the highest attitude on our globe. But quite recently Captain J. A. Lawson has discovered in the little-known island of New Guinea a peak that is still higher, which he has appropriately called Mount Hercules, and fixes its elevation at 32,786 feet above the level of the sea.

S. F. Merchants' exchange reports announce that the British ship *Connaught* and the American ships *Gettysburg* and *Southern Chief* are ashore near Victoria, driven by a violent storm which has been raging since last Friday. The first named is said to be a total loss, and the last named is bilged, with her fore and main-masts gone. A later telegram says the British bark *Tiger* is also ashore. Telegrams received here regarding these disasters are meagre, but suffice to indicate serious damage to shipping on northern coasts.

SYMPTOMS OF A DISEASED LIVER.

Pain in the right side, under edge of ribs, increasing on pressure; sometimes the pain is on the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder and is sometimes taken for Rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternating with laxity; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes attendant. The patient complains of weariness and debility; he is easily startled; his feet are cold or burning; and he complains of a prickly sensation of the skin; his spirits are low, and, although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it.

If you have any of the above symptoms, you can certainly be cured by the use of the genuine **DR. C. McLANE'S CELEBRATED LIVER PILLS**, made by Fleming Bros., Pittsburgh, Pa. If you can not get the genuine **DR. C. McLANE'S LIVER PILLS**, send us 25 cents by mail, and we will send them to you.

NEVILLE & CO.

Pacific Net and Twine Co.

SAN FRANCISCO, April 11th, 1883.

DEAR SIR: For general convenience, we

have sent a supply of **No. 30 10-ply**

Genuine Scotch Salmon Net

Twine, to the care of A. M. Johnson & Co.

Astoria, which will be sold at low enough

prices to make it an object for all net men-

ders to use it for repairs, in place of the more

expensive No. 40, 12-ply.

Fishermen who have heretofore used this

grade of Twine for repairs, claim that the

durability of the patch is equal to the bal-

ance of the net, after the latter has had a

few weeks' use. We think it will be money

in your pocket to try it. For prices and

samples apply to A. M. JOHNSON & CO.,
