STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BIT-TERS, which is a true tonic-a medicine universally recommended for all wasting diseases.

501 N. Fremont St., Baltimore During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paraly-sis, which kept me in bed six months, and the best doctors in the city said I could not five. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving. G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

SALICYLICA is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neural-gia, while so many so-called specifies and supposed panaceas only treat locally the effects. effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, cintments, liniments, and soothing oftons will not cradicate these diseases which are the result of the poisoning of the blood with Usia Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disor-der. It is now exclusively used by all cele-brated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

A Model 'Confession. Several years ago, in a Western

town, a young lawyer, a member of a large church, got drunk. The brethren said he must confess. He demurred. He knew the members to be good people, but they had their little faults, such as driving sharp bargains, screwing the laborer down to low wages, loaning money at illegal rates, misrepresenting articles they had for sale, etc. But they were good people, and pressed the lawyer to come before the meeting and own up his sin to have taken a glass too much, for they were temperance people and abhorred intemperance. The sinner went to confession, found a large gathering of brethren and sisters, whose bowed heads rose and whose eyes glistened with pure delight as the lawyer began his confession: "I confess," he said, "that I never took ten per cent for money." On that confession down went a brother's head with a groan, "I never turned a poor man from my door who needed food and shelter." Down went another. "I confess I never sold a skimmilk cheese for a new one," whereupon a woman shricked for mercy. "I confess that I have not been Pharisaical and self-righteous, and have not sought to injure or persecute those who have not happened to agree with me," when down dropped numerous heads, "I confess that I never played the hypocrite, and do not lie, and have not used religion as a cloak," when down went several other heads, and among them the heads of every one who was so anxious that he should confess. "But," concluded the sinner, "I have been

He recovered, but a THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS. The injured limb was rubbed sevleg freely. Dr. Knipe said that it was the use of St. Jacobs Oil that cured the stiffness. Mr. Nyce himself used the Great German Remedy for toothache with good effect, and also for a sprain and pains of rheumatic nature, and always with good effect. Mrs. Nyce also says she thinks the Oil is a splendid thing, and she always
