The mention of his name with the hope that he would get the electoral vote of this coast is evidence of incipient insanity on the part of his backers.

DYNAMITE and glycerine may yet prove the poorest kind of arguments in promoting a reconciliation with England. Parnell and his colleagues to be successful must change the tactics of enthusizstic and indiscreet subordinates who are making the cause unpopular in circles that could not or would not be otherwise than friendly if honorable means were employed.

He does not suggest what island should be appropriated for the use of the savages, but one of the Sandwich Island group which has the best appointed volcano might do. The whole lot could be dumped into the crater and cremated.
