STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BIT-TERS, which is a true tonic-a medicine universally recommended for all wasting diseases.

> 501 N. Fremont St., Baltimore During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paraly-sis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving. G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

IMMIGRANTS WHO FIND WORK.

Parm Laborers, Italians, and House Servants Always in Great Demand.

Five steamers landed at Castle Gardens yesterday 4,331 immigrants, of whom 1,357 came on the Berlin from Liverpool, 750 on the Thinvgalla from Copenhagen, and 923 Itallians on the Utopia from Naples. The remainder were Germans from Hamburg and Rotterdam. For the week ending Saturday last 15,952 immigrants Oyspepsia, Nervous Affections, Gan eral Debility, Neuralgia, Fever were landed. Superintendent Jackson estimates that the number of immigrants arriving this year will be 100,000 less than last years arrivals. The blackboard of the free labor bureau in Castle Garden constantly announces that the demand for farm laborers is greater than the supply. Farm hands get imployment at remunerative wages as soon as they land. Mechanics do not fare so well. Petty shop-keepers, without capital, fare the worst. The demand for girls for house servants is greater than the supply.

The Italian immigration is conthe substitution of Italians for Irish and Germans in the construction of railroads and works of a similar character. The Irish especially are going to the more profitable farm work. The Italians are usually hired abroad, and when they reach Castle Gardens are taken away at once by the foremen of the gangs in which they are to be employed. Nearly all the Italian immigrants are men stantly growing. This is due to Notice of Application to Purchase all the Itallian immigrants are men who are either unmarried or leave their families in Italy to live sumptously on a moderate proportion of the earnings of the men in America. The regular line of Italian steamers brings many Ital-

The fact that \$6,000,000 were paid out by immigrants for railroad tickets at Castle Garden alone in the year ending last December is an indication of what the immigration is .- N. Y. Sun,
