Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, over-work, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend Brown's Iron Bit-TERS. It has cured others suffering as you are, and it will cure you.

SALICYLICA is known as a common sense remedy, because it strikes directly at the cause of Phenometrism, Gout and Neuralgia, while so many so-called specifies and supposed paraceas only treat locally the effects. A Little "Shop" Talk.

As to editors, they had better let office alone. The capable and well-paid journalist, who is master of his situation, has already an office best suited to his uses in the world. For him, there is no monev and less fame in another calling; albeit, we do not mean to extol journalism, which has in it a deal that is little, vulgar and narrow, and, by no means, represents. the highest or purest aspiration of young ambition. It is what it is: and its best may be fairly described as robust, practical and genial, enough related to letters to fall within the boundaries of what is called culture and near enough to affairs to play at state craft. The journalist who affects to be either a statesman or a man of letters to that extent abridges his claims and his qualities as a journalist. He is by the nature of the case a teacher of disjointed thoughts. He writes from day to day, taking public measure on the wing as it were. He can guarantee his readers only integrity, common sense, a just knowledge of current life, and so much forecast as the varying glimpse of passing events, which each of the four and twenty hours in which he has to make up his mind and box the compass, may give him .- Louisville-Courier Journal.

When King Eric, of Sweden, went to attack a certain town, the citizens, in order to express contempt for him, hung out a goose on the ramparts. When they diswas in earnest, they sent out heralds to ask what he wanted. His reply was, "To cook your goose for you," and hence the origin of the now popular slang phrase.

Mr. C. L. Divine, Superintendent of the composing and printing department of the Indianapolis, Ind., Journal values the great remedy beyond all curative agents. He has been subject to rheumatism of a very painful character. and has passed many sleepless nights while enduring the agony of it. Physicians have prescribed to all prominent physicians and druggists for lior him, and he has employed remedies which were advertised as Everything is well improved and in specifics for the disease, but none good condition. Deservedly Popular. Unless it had great merit Parker's Ginger Tonic could not be so popular. Its sale has spread remarkably everywhere, because invalids find it gives them new life and vigor when other medicines fail entirely .- Ohio Farmer.
